

# KENSINGTON COMMUNITY AQUATIC AND RECREATION CENTRE REDEVELOPMENT

## Project update

### December 2022

Soil removal works at Kensington Community Aquatic and Recreation Centre are underway. Multiple trucks are moving through the site daily to remove the excavated soil and transport it to a facility licenced to accept the contaminated material.

Trucks currently enter the construction site via Altona Street and exit via Kensington Road. Traffic controllers are stationed around the site to support traffic movements throughout the works.

We are using air monitors to ensure the works are being carried out safely and those working with the contaminated soil are wearing full body disposable suits, including gloves, overalls, footwear and a respirator.

### Hours of operation

All works are being carried out between the standard building works hours of:

- 7am and 7pm Monday to Friday
- 8am and 3pm on Saturday.

**Noise and traffic disruptions will be minimal during the holiday period from Friday 23 December 2022 to Wednesday 11 January 2023.**

### For more information

Scan the QR code, call **9658 9658** or email the project team at [KCARC@melbourne.vic.gov.au](mailto:KCARC@melbourne.vic.gov.au)

Excavation and soil removal works are underway

Soil is removed and loaded onto trucks

Loaded trucks exit the site via Kensington Road
