**Agenda item title: \*** 6.4 African Australian Community Partnership Project

**Please write your submission in the space provided below and submit by no later than noon on the day of the scheduled meeting. We encourage you to make your submission as early as possible.**

Dear City of Melbourne Committee Meeting group

This is a written submission in regards to Agenda Item 6.4 African Australian Community Partnership Project

The Empowering Women Initiative is to be commended. City of Melbourne and RMIT are to be encouraged for helping strengthen the African Australian community and helping the African Australian community integrate into the community at large.

Having a strong and positive relationship with the African Australian community is for the benefit of the City of Melbourne and the citizens of Melbourne.

Yours sincerely

Chris Thrum

**Agenda item title:** 6.5 City of Melbourne Chair in Resilient Cities – variation to Council Resolution

\*

**Please write your submission in the space provided below and submit by no later than noon on the day of the scheduled meeting. We encourage you to make your submission as early as possible.**

Dear City of Melbourne Committee Meeting Group

This is a written submission in regards to Agenda Item 6.5 City of Melbourne Chair in Resilient Cities – variation to Council Resolution

scheduled for the Council Meeting 28th February 2017.

I support the recommendation from management in regards to the variation in timing of this matter.

It is important to be a partner in the 100 Resilient Cities (100RC). 100RC helps cities around the world become more resilient to the physical, social, and economic challenges that are a growing part of the 21st century.

<http://www.100resilientcities.org/#/-/>

On Page 37 of 51 SCHEDULE B

Item 1 – Monetary Support

Although the salary increases per year from 232,304 in 2016 up to 264,005 in 2020 the Research Allowance remains static at 10,000. City of Melbourne should consider increasing the funding in the research Allowance category that matches the rate of increase of the salary.

It is noted that the Position Summary is mentioned twice on Page 31 and Page 46.

In conclusion, being part of 100RC and the C40 Group and having the University of Melbourne on board is a good approach to take for Melbourne to be a more resilient city.

Yours sincerely

Chris Thrum
