

Draft City of Melbourne Open Space Strategy

Feedback form | November 2011 to February 2012

The City of Melbourne will review the feedback received on the draft Strategy in the preparation of the final Strategy after the consultation period closes on 1 March 2012. We encourage you to complete this form and return it to us promptly in accordance with the instructions at the end of this form.

1. What is the postcode where you live?

Postcode

2. What is the postcode where you work? (if applicable)

Postcode

3. The following table is a summary list of overall directions from the Draft City of Melbourne Open Space Strategy. Please tick (✓) to indicate how you rate each recommendation's level of importance to you and make any comments on the reasons for your answer.

Overall directions	Very Important	Important	Some Importance	Not Important	Comment
A Provide additional open space so that the majority of people who live and work in the City of Melbourne are within easy walking distance of open space.					
B Encourage the community to participate in organised sport by providing adequate open space and suitable facilities for this.					
C Encourage people to be outdoors and participate in informal activities by providing a diverse range of facilities in open space.					
D Maximise opportunities for people of all ages, abilities and cultural backgrounds to access, participate and enjoy open space.					
E Maximise opportunities for open space to have large canopy shade trees and planted areas to keep them cooler in the summer and mitigate urban heat.					
F Provide additional areas of Capital City open space in the west of the municipality that promotes Melbourne as the most liveable city in the world, and similar to the quality of the major open spaces in the east of the municipality.					
G Provide additional sporting reserves, primarily for organised and club-based community sport and recreation to cater to the forecast development.					
H Implement an open space contribution rate in the City of Melbourne Planning Scheme that will apply to new development so that the new population contributes fairly to additional open space and improvements to existing open space.					
I Continue to implement sustainable water harvesting and water quality treatment projects, contributing to sustainable water management in open space.					
J Improve biodiversity values along waterway corridors where feasible, including the Maribyrnong River and Moonee Ponds Creek with appropriate revegetation and improvement to water quality by pre-treating the runoff prior to it entering the waterways.					

4. If you work in the City of Melbourne, do you visit open space near your workplace? (Please tick appropriate box)

- Yes (please answer Q5) No (go to Q6)

5. Can you give the reason/s you visit the open space near your workplace? (Please tick appropriate box)
