Plan

The side entry pit is the typical detail for use within standard sawn bluestone kerb and channel throughout the municipality.

The detail uses the standard 915 x 380mm steel grate and frame.

The pit depth, pipe entry and drain details are to be designed according to site conditions.

For typical construction details, refer to City of Melbourne, Engineering Standard Drawings:
 Grated Drainage Pit with Overflow Kerb
 Dwg No. 1P 50301.
 Standard MCC Overflow Bluestone Kerb
 Dwg No. 1P 50320.
 Standard 915 x 381 mm Frame and Grating Street Type
 Dwg No. 1P 50305.
