

**Motion**

That Council:

1. Resolves to write to the State Government and the short-listed consortium for the East West Link and reiterate the position adopted by the Future Melbourne Committee on 8 July 2014 that Council opposes the signing of any binding contracts before the 29 November 2014 state election.
2. Requests Council officers to prepare a report for the 27 October 2014 Council meeting summarising the key issues for City of Melbourne arising from the Supreme Court challenge to the East West link initiated by Cities of Moreland and Yarra and the state opposition's proposal to not proceed with the project even if binding contracts have been signed.
