Legal

1. Section 127 of the Act requires the Council to prepare a budget for each financial year. A budget is required to contain the prescribed particulars which are detailed in section 127(2) of the Act and part 3 of the *Local Government (Planning and Reporting) Regulations 2014* (Regulations).
2. The Act and Regulations also provide that certain information must be provided in the public notice of the preparation of a proposed budget. The submission procedure detailed in the report accords with the statutory requirements. The statutory submission process entitles any person who has made a written submission and requested to be heard, to appear in person or by a person acting on his or her behalf before a meeting of the Council or a committee appointed by the Council for the purpose.
3. Section 161(1) of the Act provides that Council may raise general rates by the application of a differential rate if it uses the capital improved value system of valuing land.
4. For this Council, section 28 of the *City of Melbourne Act 2001* provides:
 - 4.1. despite anything to the contrary in section 161(1)(a) of the Act, the Council may raise any general rates by application of a differential rate even if it does not use the capital improved value system of valuing land
 - 4.2. if the Council uses the net annual value system of valuation and declares a differential rate, the highest differential rate must be no more than two times the lowest differential rate.
5. Section 161(2) of the Act provides that if Council declares a differential rate it must specify the objectives of the differential rate and the characteristics of the land which are the criteria for declaring the differential rate.

Finance

6. The financial implications of the proposed budget for 2016–17 are discussed throughout the report.

Conflict of interest

7. No member of Council staff, or other person engaged under a contract, involved in advising on or preparing this report has declared a direct or indirect interest in relation to the matter of the report.

Stakeholder consultation

8. Significant and broad consultation with Councillors and Council Officers has been undertaken in the development of the draft 2016–17 budget. The budget papers as presented reflect the outcomes from the consultation process.
9. Subject to Council approval, the budget will go out for public consideration and submission.
10. In addition, at its meeting on the 23 February 2016 Council resolved for the early public release of the year 4 actions. Feedback through the consultation process has been considered and amendments made to the year 4 actions contained in the proposed 2016-17 Annual Plan and Budget.

Environmental sustainability

11. In the development of the 2016–17 budget sustainability matters have been considered and budget funding provided for various initiatives. Details are included in the report.

OVERVIEW

1. EXECUTIVE SUMMARY

The 2016-17 Annual Plan and Budget is the final year of Council's 2013-2017 Council Plan. Through this plan the Council will ensure Melbourne is a vibrant inclusive place, well positioned to meet the opportunities and challenges of a growing city for decades to come.

This is the final budget of this Council and rounds out four strong years delivering quality services, quality infrastructure, innovatively and efficiently.

It is a disciplined and fiscally responsible budget with no new borrowings, a focus on completing Council Plan, a focus on cost containment and a modest rate increase of 2.5 per cent with no increase to on street parking fees.

This budget also continues Council's strong investment in the renewal of the Queen Victoria Market with a further \$8.45 million budgeted to be delivered. The renewal of the Queen Victoria Market will be the largest ever investment by Council at a cost of up to \$250 million.

In addition to the project budget, the Council has setup a separate QVM renewal reserve during 2015-16 that will be used to fund the project. In this budget, any funds received from the Queen Victoria Market (budgeted at \$4 million) will be transferred to the QVM renewal reserve. Funds in the QVM renewal reserve are used solely for the QVM renewal project. This brings the total amount transferred to the QVM renewal reserve since project inception to \$19.80 million. A clear demonstration of Council's commitment to the success of the QVM.

This budget also positions the Council to meet the future infrastructure needs in addition to the QVM renewal project through:

- Sensible growth in surpluses (to fund the QVM renewal and other infrastructure).
- Sustained effort to contain costs accommodating population growth.
- Continuing to invest in services and infrastructure while preparing for the future.

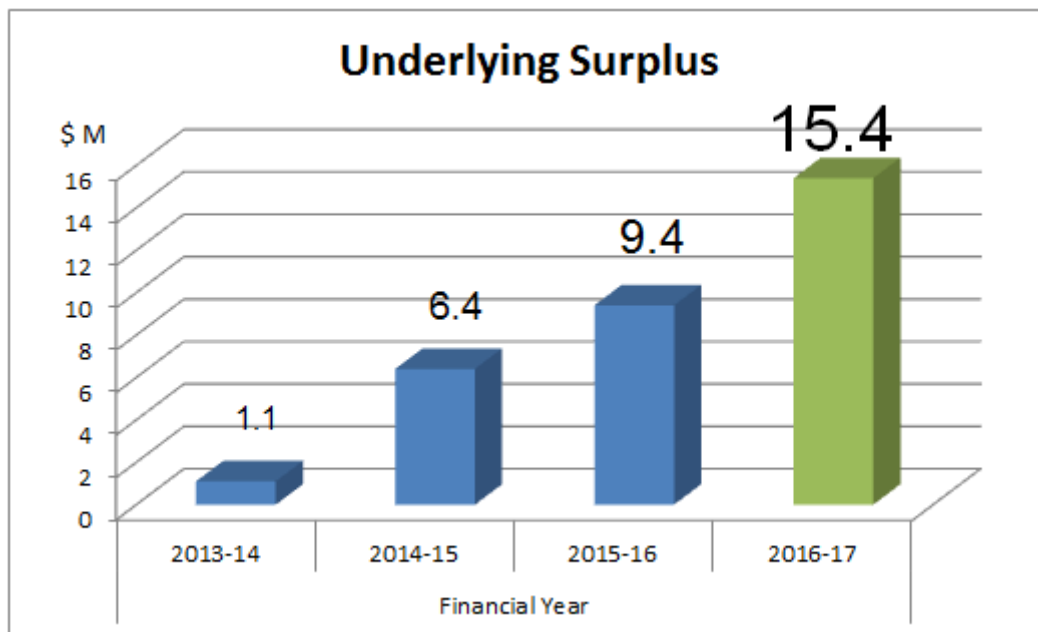

Sensible growth in surpluses

This budget continues a trend of sensible growth in underlying surpluses to enable future major re-investment in important and significant infrastructure in response to the City's growing needs. The budgeted underlying surpluses proposed for 2016-17 of \$15.42 million is a measured increase on the prior three years, demonstrating conscious and deliberate actions to secure necessary funding for QVM and other future capital investment.

Based on the Council's projections, investment in infrastructure (capital works) over the next decade will exceed \$1.40 billion.

The generation of funding for capital through Council's operations (higher surpluses) is fiscally responsible and the most sustainable approach over the long term. The Council is committed to delivering these surpluses by being prudent in containing costs. The Council will also seek additional ways to fund the city's infrastructure needs including borrowings, asset recycling through re-purposing or re-configuration, external funding and asset sales.

In 2015-16, the Council secured \$30.00 million from the Clean Energy Finance Corporation (CEFC) to deliver sustainability projects that will deliver both environmental outcomes and a net positive financial return after interest costs. This budget sets aside \$5.00 million in cash designated to repay the CEFC at the end of the arrangement.

Sustained effort to contain costs

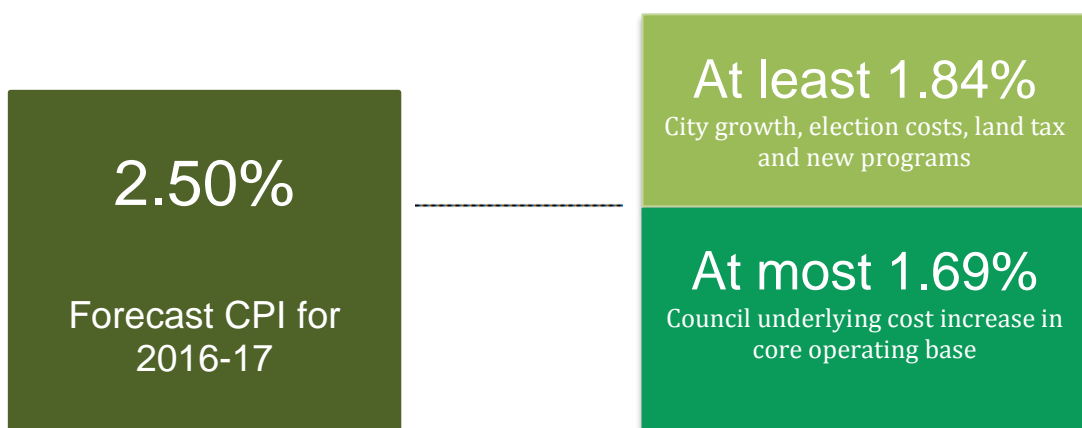

The underlying surplus of \$15.42 million has been possible through a continued effort to contain operational costs while accommodating pressures associated with the City's growth.

Total operating cost in 2016-17 is budgeted to increase by 3.53 per cent. Of this, the underlying cost increase in core operations is no more than 1.69 per cent and materially lower when compared to the projected CPI of 2.50 per cent for the same period. The remaining component of the increase is associated with growth in the City, new programs, land tax associated with the addition of the Munro site and election costs which occur every four years.

The growth component recognises that the City will see an increase in the number of new residents and new businesses who require services and an increase in open spaces and infrastructure.

2016-17

FORECASTED CPI

The continued focus on containing operating costs within this budget builds on the work of the previous three years by this Council. A conscious and sustained effort to minimise the burden on the community.

Over the period of this Council's term (four years) total costs are budgeted to increase by a modest 9.41 per cent, which is expected to be close to the increase in the Consumer Price Index (CPI) over the same period.

The efforts to contain costs become more evident when considering growth in the city.

According to the Australian Bureau of Statistics (ABS) the City's resident population grew from 116,313 in June 2013 to 128,963 in June 2015 (10.88 per cent). Council projects this growth trend will continue with an increase of 7.1 per cent in 2015-16 and 3.8 per cent in 2016-17 respectively.

Based on conservative estimates the costs associated with population growth and new facilities are no less than half of the overall increase over the four year period.

Continuing to invest in infrastructure and services while preparing for the future

An investment in infrastructure through council works of \$108 million is included in this budget.

Cities by their nature have significant asset bases. The City of Melbourne's infrastructure assets including roads, footpaths, buildings, drains, parks, laneways, wharves and marinas account for over 90 per cent of total assets. Ensuring there is adequate investment annually to maintain the City's assets is important, and therefore Council is investing \$50.98 million in renewal and \$11.52 million in maintenance works. This regular annual investment in existing assets maintains the public amenity in the short term and protects the condition of assets for future generations. Council released its asset management strategy in 2015-16 which outlines Council's approach to asset management.

Capital works included in the budget include \$8.45 million for QVM renewal project, \$5.00 million for energy efficient street light renewal program, \$4.35 million for streetscape works, \$2.66 million for urban landscapes and climate adaption, \$1.56 million for bicycle improvement works and \$1.50 million to plant a further 3000 trees.

A full list of capital works is available in Appendix E.

The Council Plan is the foundation on which the 2016-17 Annual Plan and Budget has been developed. In the fourth year of the Council Plan over 80 Initiatives have been identified and fully funded. They will be delivered through implementing the 2016-17 Annual Plan and Budget.

The full list of initiatives is included in section 4 and provides an insight into the priorities for Council in 2016-17.

Operating Result

- 1.1. The budget delivers an underlying surplus of \$15.42 million (Appendix A) and a net surplus of \$31.37 million.
- 1.2. Total revenue (excluding disposal of assets) will increase by \$20.17 million from \$409.69 million to \$429.86 million. This is a 4.92 per cent increase. Full details of revenue changes are provided in Section 5.
- 1.3. There are no changes proposed to on street parking fees.
- 1.4. Fee increases in some services are a result of either mandatory rises as a result of state legislation such as fines which is dependent on the penalty unit rate, bringing prices in line with competitors where Council competes with commercial operators, or moving fees closer to cost recovery and parity with other neighbouring municipalities.
- 1.5. Total operating expenditure will increase by 3.53 per cent or \$13.61 million from \$385.80 million to \$399.41 million (Section 5 provides full details).
- 1.6. No new borrowings are proposed for the 2016-17 Annual Plan and Budget.

Rates

- 1.7. The 2016-17 budget is based on a rate increase of 2.50 per cent which is in line with Victorian Government rate cap introduced for the first time this year.
- 1.8. It should be noted that 2016-17 is a revaluation year and therefore individual rate notices will vary depending on valuation of the respective properties compared to other property values within the municipality. Some individual properties will see increases higher than 2.50 per cent and others will see an increase below 2.50 percent.
- 1.9. The residential rate in the dollar is proposed to decrease from 4.193 cents to 4.075 cents and the non-residential rate in the dollar decreased from 4.755 cents to 4.485 cents.
- 1.10. The total number of rateable assessments has decreased from 104,068 to 99,603 which represents a decrease of 4.3 per cent from 2015-16. This was due to the ongoing consolidation of car park and storage lots with their primary property. Excluding the consolidation (of approximately 10,000) the number of rateable assessments continues to grow in the municipality.
- 1.11. There are 1428 properties which are public, educational, religious or charitable in use or ownership and are exempt from rates. Exemptions represent a value of 12.60 per cent of the rate base.

- 1.12. Council operates a Pensioner Rebate scheme by which those eligible to receive the Victorian Government rebate receive an additional City of Melbourne rebate equivalent to 50 per cent of the Victorian Government rebate. In 2010-11 Council approved an affordable housing rebate which will provide a rate rebate for new affordable housing of 35 per cent of full rates. This is budgeted to continue in 2016-17 at a cost through lower revenue of (\$0.13 million).
- 1.13. The draft budget includes an amount of \$0.42 million which is the estimated revenue to be derived from Cultural and Recreational Lands in the municipality (refer to section 10.2).

Fire Services Property Levy

- 1.14. The Victorian Government has enacted the Victorian Bushfires Royal Commission's recommendation to replace the previous insurance-based levy with a property-based levy.
- 1.15. The Fire Services Property Levy commenced in 2013-14 and is collected through council rates. The rate of the levy is determined by the Victorian Government on an annual basis and varies for residential, industrial, commercial and primary production properties.
- 1.16. Further information on the Fire Services Property Levy is available at the following web address.

<http://www.firelevy.vic.gov.au>

Services and Events

- 1.17. The 2016-17 Annual Plan and Budget recognises Council's pivotal role in supporting and enhancing the City's cultural heritage, public art, events, festivals, visitor services, sport and street activity.
- 1.18. It continues Council's commitment to enhance the City's business competitiveness domestically and internationally.
- 1.19. The 2016-17 Annual Plan and Budget includes new and extended services and continues with activation of the City. The most notable examples are:
 - 1.19.1. \$0.90 million for the 2017 Melbourne Indigenous Arts Festival.
 - 1.19.2. \$0.30 million to enable a staged review of built heritage in the Hoddle Grid.
 - 1.19.3. \$1.00 million for a Resilient Melbourne Delivery Office, to be recovered in part by support from the State government.

- 1.19.4. \$0.12 million to trial a residential green waste collection service in North Melbourne and Kensington.
- 1.19.5. \$0.05 million to support the Eco City World Summit.
- 1.19.6. \$0.45 million to trial a new approach to the Strategic Partnerships Program to drive and respond to strategic opportunities through establishing partnerships with arts-based organisations (\$0.35 million is funded from re-allocation from existing programs).
- 1.19.7. \$0.30 million in sponsorship support for the Chinese New Year event, an increase of \$0.07 million.
- 1.19.8. \$0.30 million as the first year in a 10 year proposed partnership with the Collingwood Football Club to enhance community access to recreation facilities.

Cash and investments

- 1.1. The investment portfolio is expected to provide net income of \$17.82 million, representing an average return of 5.79 per cent. The investment portfolio is made up of subsidiary companies, car parks, commercial properties and cash.
- 1.21. The cash component returns from the portfolio assume a flat interest rate environment.
- 1.22. Refer to section 11 for details on Council's investment strategy.

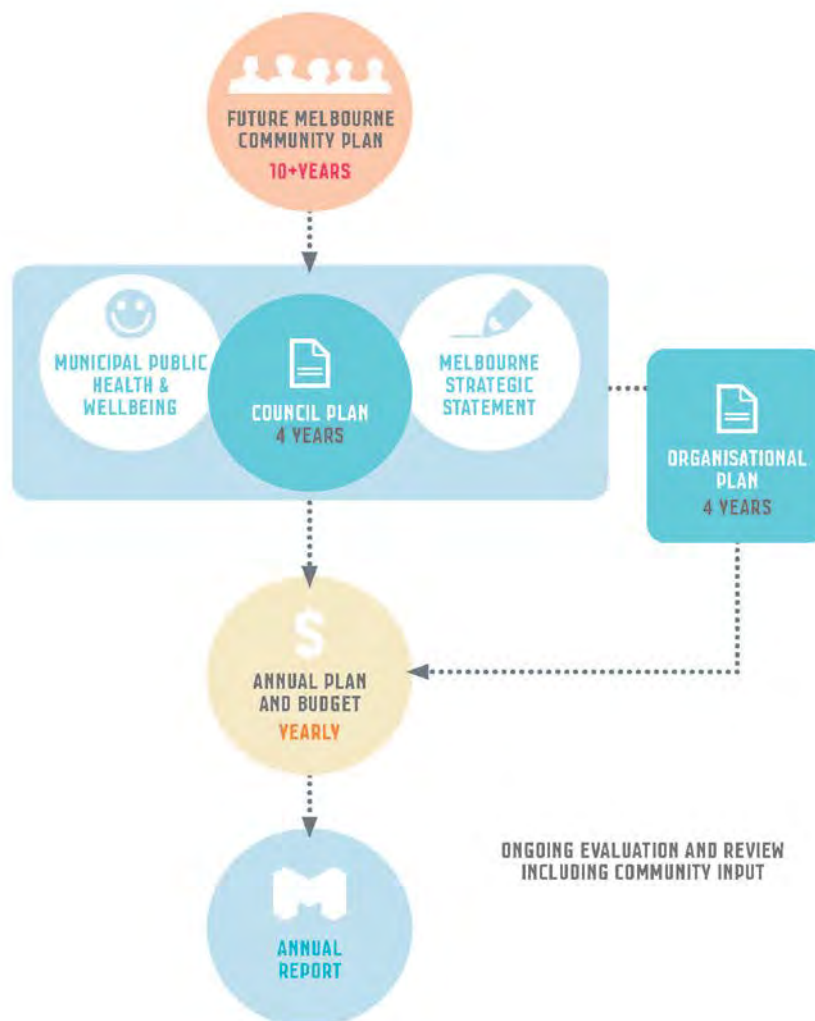

Council Works

- 1.23. The total council works program is \$108.01 million inclusive of funding towards the QVM renewal fund. This includes \$19.15 million for new assets, \$50.98 million for renewing, \$26.35 million refurbishing existing assets and upgrade/expansion works and \$11.52 million for major maintenance and other assets not in the direct control of the City but which are used by ratepayers, residents and visitors. The estimated capital works carry forward 2015-16 program is \$25.29 million.
- 1.24. A full list of the capital works program is listed in Appendix E.

2. BUDGET PROCESS OVERVIEW

2.1. Integrated Planning Framework

The City of Melbourne has an Integrated Planning Framework that aligns operational, corporate and strategic plans to achieve sustainable improvements for the city and its people. The framework includes long, medium and short terms plans that set direction for everything we do.

The Annual Plan and Budget forms an important part of Council's Integrated Planning Framework. The framework ensures that the Annual Plan and Budget are developed in response to Council Plan priorities and within the constraints of the Strategic Resource Plan which provides the financial parameters for the four year period of Council Plan. The framework includes reports to monitor the implementation of our plans. Monthly and quarterly reports enable the management team and Council to closely monitor the organisations progress towards goals. The Annual Report, including audited financial statements, is our report to the community on our performance during the year.

2.2. Budget Preparation

Under the Act, Council is required to prepare and adopt an annual budget for each financial year. The budget is required to include certain information about the rates and charges that Council intends to levy as well as a range of other information required by the *Local Government (Finance and Reporting) Regulations 2004* (the Regulations).

The first step in the budget process is for the Administration to prepare the annual budget in accordance with the Act and submit the 'proposed' budget to Council for approval 'in principle'. Council is then required to give 'public notice' that it intends to 'adopt' the budget. It must give 28 days notice of its intention to adopt the proposed budget and make the budget available for inspection at its offices. A person has a right to make a submission on any proposal contained in the budget and any submission must be considered before adoption of the budget by Council. The final step is for Council to adopt the budget after receiving and considering any submissions from interested parties. A copy of the budget is to be submitted to the Minister within 28 days after adoption.

The 2016-17 Annual Plan and Budget which is included in this report is for the year 1 July 2016 to 30 June 2017 and is prepared in accordance with the Act and Regulations. The budget includes financial statements. These include the Comprehensive Income Statement, Balance Sheet, Statement of Cash Flows, Statement of Capital Works, Statement of Changes in Equity and Statement of Human Resources. These statements have been prepared for the year ended 30 June 2016 in accordance with Australian Accounting Standards and in accordance with the Act and Regulations.

The 2016-17 Annual Plan and Budget includes Services and Initiatives including Major Initiatives and reflects the priorities for Council in year four. It also includes detailed information about the rates and charges to be levied, the capital works program to be undertaken and other financial information, which Council requires in order to make an informed decision about the adoption of the budget.

2.3. Budget Process

The key dates for the budget process are summarised below:

Budget submitted to Council for approval in principle	5 May 2016
Public notice advising intention to adopt budget	6 May 2016
Budget available for public inspection and comment	6 May 2016
Submissions period closes	3 June 2016
Submissions considered by Council's Future Melbourne Committee	16 June 2016
Budget and submissions presented to Council for Adoption	28 June 2016
Copy of adopted budget submitted to the Minister	26 July 2016

2.4. Budget Influences

The Annual Plan and Budget is premised on a number of influences and assumptions, which are likely to impact on the delivery of services provided by Council. The most significant of these factors include:

- an increase in rates of 2.50 per cent
- Reserve Bank official cash rate of 2.00 per cent and
- Consumer Price Index of 2.50 per cent.

2.5. Budget Statements

The Melbourne City Council Budget is comprised of eight primary financial statements which are:

- the Comprehensive Income Statement (Income Statement)
- the Statement of Cash Flows
- the Balance Sheet
- the Statement of Human Resources
- the Statement of Changes in Equity
- the Statement of Capital Works
- the Summary of Planned Human Resources Expenditure
- the Summary of Planned Capital Works Expenditure.

The Income Statement is an accrual-based statement prepared in accordance with Australian Accounting Standards and generally adopted accounting principles. It includes non-cash items such as depreciation charges but does not include capital items such as capital works funding. The Income Statement provides for a projected surplus of \$31.37 million that will contribute towards the Capital Works program.

The Statement of Cash Flows is a cash statement prepared in accordance with Australian Accounting Standards. The Statement of Cash Flows provides for a projected inflow of \$23.27 million.

The Balance Sheet is a representation of the Assets and Liabilities of the Council as at the year ending June 2016.

For the purposes of clarity a reconciliation between the Income Statement and the Statement of Cash flow is provided in Section 6.

The Statement of Human Resources is a statement which is a representation of council staff expenditure and numbers.

The Statement of Changes in Equity is a statement which is a representation of accumulated surplus, revaluation reserve and other reserve movements at 30 June each financial year.

The Statement of Capital Works has been included in accordance with the Local Government Regulations. This statement sets out all the expected capital expenditure in relation to non-current assets for the year. It categorises capital works expenditure into renewal of assets, upgrading and expansion of assets, or creating new assets. Each of these categories has a different impact on Council's future costs. Refer to section 7 'Analysis of council works budget' for further details.

The Summary of Planned Human Resources Expenditure represents permanent council staff expenditure and numbers of full time equivalent council staff categorised according to the organisation structure.

The Summary of Planned Capital Works Expenditure outlines asset expenditure types and funding sources over the next 4 years.

3. HIGHLIGHTS

This section summarises the budget, more detail can be found in sections 5-8. The summary looks at the four key areas of:

- Operating Budget
- Cash Flow Budget
- Council Works Budget
- Financial Position Budget

3.1. Operating Budget

	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s
Operating			
Revenue (excluding capital contributions)	395,215	414,829	19,614
Expenditure	(385,803)	(399,410)	(13,607)
Sub totals	9,412	15,419	6,007
Capital Contributions Revenue	15,393	15,948	555
Operating surplus/(deficit)	24,805	31,367	6,562

The Budgeted Income Statement forecasts an operating surplus of \$31.37 million for the year ending 30 June 2017, after capital grants and contributions. As a minimum, the operating surplus should equate to the capital contributions (including the developer contributions received for Public Open Space) to ensure the contributions received for capital are available to support the capital program.

The operating surplus is required to be reported but is not a true indication of an organisation's underlying result or financial sustainability. This is because it includes external capital contributions which are not available for operational expenditure and must be used for capital works (the purpose for which funding was received). When capital contributions are removed from the operating surplus, the underlying surplus is \$15.42 million.

In 2016-17 the underlying surplus of \$15.42 million will assist with funding of infrastructure including the renewal of the Queen Victoria Market and sets aside \$5 million for future repayment of a \$30 million loan from the Clean Energy Finance Corporation.

Refer to Section 5, 'Analysis of Operating Budget', for a more detailed analysis.

3.2. Cash Flow Budget

	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s
Net Surplus/(deficit) from operations	24,805	31,367	6,562
Movements affecting cash flows	62,367	59,095	(3,272)
Funds available for capital/ investments	87,172	90,462	3,290
Capital Expenditure	(153,191)	(96,806)	56,385
Proceeds from asset sales	920	920	0
Funds available from financing activities	(746)	28,690	29,436
Net cash inflows/(outflows)	(65,845)	23,266	89,111
Cash at beginning of year	78,063	12,218	(65,845)
Cash at end of year	12,218	35,484	23,266

The budgeted Statement of Cash Flow shows a projected year cash balance of \$35.48 million by 30 June 2017. This reflects funds received of \$30 million the Clean Energy Finance Corporation in 2015-16. Further details of the cash flow are provided in section 6, 'Analysis of budgeted cash position'.

3.3. Council Works Budget

	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s
Council Works Area			
Maintenance	12,205	11,524	(681)
Capital Works	74,373	96,482	22,109
Carry forward capital*	21,689	25,287	3,598
Capital Works Expenditure	108,267	133,293	25,026

The 2016-17 Budgeted Statement of Council Works forecasts total works of \$108.01 million (excluding carried forward expenditure).

See Section 7 'Analysis of Council works budget' for a more detailed analysis.

3.4. Financial Position Budget

	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s
Assets and Liabilities			
Net Current Assets	(54,534)	(27,442)	27,092
Net Non Current Assets	3,860,822	3,957,347	96,525
Net Assets	3,806,288	3,929,905	123,617
Equity			
Accumulated Surplus	1,832,809	1,864,176	31,367
Reserves	1,973,479	2,065,729	92,250
Total Equity	3,806,288	3,929,905	123,617

The budgeted Balance Sheet shows net assets of \$3.93 billion as at 30 June 2017, which is an increase of \$123.62 million over the 2015-16 budget. This largely reflects an anticipated increase in infrastructure assets as a result of the capital works program and revaluation of assets.

See Section 8 'Analysis of Budgeted Financial Position' for more detailed analysis.

Gender Equity

City of Melbourne values diversity and inclusivity and constantly strives for improvement in this area. Gender Equity is a key element in enhancing an inclusive work environment and culture. To date the City of Melbourne has developed a Gender Equity Policy which details our commitment to take positive action to ensure fair treatment of all employees, volunteers and contractors, consistent with organisational values and obligations under the *Equal Opportunity Act 2010*. Gender Equity is now embedded in our procurement policies and subsidiary company governance protocols.

ANNUAL PLAN

SECTION 4 OF THE CITY OF MELBOURNE ANNUAL PLAN AND BUDGET 2016 – 2017

4. SERVICES, INITIATIVES AND SERVICE PERFORMANCE INDICATORS

The City of Melbourne’s long-term vision, goals and four-year priorities and desired outcomes are set out in Council Plan 2013–17, including a series of indicators and measures to track progress.

Each year the Council selects a series of shorter-term initiatives to further its goals, priorities and desired outcomes for Melbourne. These initiatives and major initiatives are set out here, in the Annual Plan section of the Annual Plan and Budget.

Initiatives may contribute to multiple goals. We have listed them against the goal that contains priorities and desired outcomes with the strongest alignment.

It is important to note these initiatives are just a part of what we do. Much of the work to achieve our aspirations for Melbourne occurs within the strategies we implement and the services we deliver. These also are listed here, under our goals, along with the outcome indicators that will be used to evaluate our performance of our services.

Progress against our four-year aspirations, one-year initiatives and our service delivery is shared with the public via our Annual Report, available on-line in September each year.

The diagram below explains the relationships between the four-year Council Plan, the Annual Plan and Budget, the initiatives and major initiatives.

4.1 COUNCIL PLAN GOAL 1

A CITY FOR PEOPLE

Melbourne will be accessible, inclusive, safe and engaging. Our streets, buildings and open spaces will be alive with activity. People of all ages and abilities will feel secure and empowered, freely participate in their community and lead healthy lives.

We will support our community – whatever their age, physical ability, socio-economic status or cultural background – to feel like they can be active, healthy and valued community members. We plan and design for our growing city, including safe, healthy and high-quality public spaces.

Major Initiatives for 2016–17

- Work with the Victorian Government to implement Council's goals through the development of plans for the Fishermans Bend Employment Precinct and Lorimer Precinct.
- In partnership with the Victorian Government and in consultation with the community, continue to develop plans for the urban renewal of the Arden Macaulay area that clearly articulates Council's expectations for future growth.
- In partnership with the Victorian Government, finalise the Moonee Ponds Creek Masterplan and seek agreement on a funding and implementation strategy.
- Finalise the Queen Victorian Market Precinct Renewal Program.
- Commence planning for temporary relocation of Lady Huntingfield Childcare Centre places and redevelopment of the Lady Huntingfield site.

Initiatives for 2016–17

- Finalise the West Melbourne Structure Plan.
- Engage with the Victorian Government's Central City Built Form Review, consider its outcomes and determine any further necessary Council actions to continue to improve urban design outcomes.
- Progress Planning Scheme Amendment C259 to introduce mandatory height controls over Peel and Capel Street properties in North Melbourne through to Panel.
- Progress Planning Scheme Amendment C221 West Melbourne Waterfront development through to Panel.
- Develop a flood mitigation strategy including open space requirements, around the Moonee Ponds Creek corridor.
- Progress Planning Scheme Amendment for the Queen Victoria Market.

- Work with surrounding councils and the Victorian Government to develop a more integrated approach to the planning and delivery of community infrastructure and services.
- Advocate for an Arden Macaulay Infrastructure Contribution Plan with a view to incorporate Infrastructure Contribution Plans into other renewal areas such as Southbank and City North.
- Work with the City of Moonee Valley to agree on an approach to improve the public amenity and safety along Racecourse Road, including the area around Flemington Bridge Station.
- Work with the Victorian Government, to facilitate the design and development of primary schools in Carlton, North Melbourne and Docklands neighbourhoods and undertake planning for secondary school provision.
- Review the City of Melbourne Housing Strategy as it relates to affordable housing issues.
- Ensure the Munro site redevelopment tender considers affordable housing and child care.
- Begin implementing the outcomes of the gaming policy review.
- Should the Night Network trial be extended, seek Victorian Government funding for late night activation of the city.
- Revise the Procurement Policy to ensure supplier diversity and equal opportunity is being provided to Aboriginal and Torres Strait Islander businesses, including through the potential membership of Supply Nation.
- Build on year three action on Sunday Streets through an Expression of Interest process for trials and submit report on trials to Council.
- Following the outcomes of the Victorian Government's Central City Built Form Review, begin a planning scheme amendment to introduce an updated Sunlight to Open Space policy for the remainder of the municipality.
- Begin construction of Southbank Boulevard open space project.
- Develop proposals that improve the amenity of smaller public spaces to meet the needs of the community in areas facing significant increased density.

4.5 COUNCIL PLAN GOAL 5

AN ECO-CITY

As an eco-city, Melbourne is committed to reducing our ecological footprint and will work to ensure our people and organisations can adapt to climate change and build a sustainable future.

We will provide solid foundations for the sustainability of Melbourne's communities. We embrace the unfamiliar if it helps us achieve our ambitions. We continue to encourage our community to take positive actions and we lead by example locally, nationally and globally.

Major Initiatives for 2016–17

- Complete the Melbourne Renewable Energy Project and begin the development of a replication strategy for the large energy user purchasing model.
- Deliver pilot laneway greenings within the central city and ensure findings are used to inform policy recommendations.

Initiatives for 2016–17

- To advance our vision of a carbon neutral city, convene a forum of business, government and community leaders to co-design a plan for partnering on future climate action.
- In consultation with the sector, establish a baseline 2020 emissions reduction target for the residential apartment building sector.
- Develop a 12-month integrated communication plan to engage Melbourne's community on climate action, including delivery of a pilot project to test new digital communication methods.
- Complete a review of innovative finance, governance and operational models for the implementation of sustainable infrastructure within urban renewal areas.
- Finalise sustainability plans for the Lorimer and West Melbourne structure plans.
- Work with other partner cities to deliver the 2016–17 work streams of the C40 Land Use Planning Network and Low Carbon Districts Network to develop Council's capacity in policy development, strategies and mechanisms to drive sustainable development.
- Develop a plan to increase the uptake of renewable energy for small energy users in the commercial and residential sectors.
- Select preferred approach to the use of incentives and/or regulatory mechanisms to help provide solar access certainty for existing or future solar facilities, and begin implementation.
- Implement Waste and Resource Recovery Plan.

- Deliver a trial of green waste collection in North Melbourne and Kensington.

4.6 COUNCIL PLAN GOAL 6

A CONNECTED CITY

Melbourne, all people will be able to move freely to communicate and trade without sacrificing essential social or ecological values. Melbourne's connections will give people access to a rich seam of opportunities.

We will manage movement in and around our growing city to help people trade, meet, participate and move about safely and easily, enabling our community to access all of the services and opportunities the municipality has to offer.

Major Initiatives for 2016–17

- Continue to work with the Victorian Government on the Melbourne Metro Rail Project, including coordinating the City of Melbourne's response to Environment Effects Statement planning process.
- Complete consultation and seek endorsement for the Elizabeth Street Strategic Opportunities Plan and deliver a detailed design for the southern end of Elizabeth Street.

Initiatives for 2016–17

- Implement the Walking Plan.
- Implement the Bike Plan.
- Work with Victorian Government to progress a planning scheme amendment for the purposes of revising motorcycle parking requirements in the municipality.
- Review the Car Share Policy.
- Consult on the development of a masterplan for Spencer Street, focusing on the area around Southern Cross Station.
- Engage in the development of plans for the Western Distributor and advocate Council's position consistent with council policy.
- Develop a coordinated approach to the Flinders Street Station Precinct that builds on individual projects (MMRA, PTV, Elizabeth Street etcetera.) to improve the overall amenity of the precinct.

4.7 COUNCIL PLAN GOAL 7

RESOURCES ARE MANAGED WELL

An organisation that manages its resources well will use what it has available efficiently and effectively to achieve its goals and ensure the community will continue to grow and prosper locally, nationally and internationally.

We will constantly improve what we deliver and how we deliver it. We are a high-performing, learning and financially sustainable organisation that continues to deliver more value with available resources and in partnership with others to make things better and easier for everyone.

Major Initiative for 2016–17

- Endorse the scope, staging and financing of the revitalisation of the Town Hall precinct.

Initiatives for 2016–17

- Begin implementation of the City of Melbourne Organisational Plan.
- Further engage with Procurement Australia on reform of its constitution.

4.8 COUNCIL PLAN GOAL 8

AN ACCESSIBLE, TRANSPARENT AND RESPONSIVE ORGANISATION

An accessible, transparent and responsive organisation is willing to share what it has done and why it was done it with people who need to know. It acts in a professional, timely manner and ensures the community can feel a sense of pride in its operations.

We will improve opportunities for the community to participate in and engage with our activities and decision making. We share information about our decisions and performance and let people know how their views have influenced what we do.

Major Initiative for 2016–17

- Broaden the quarterly services dashboard to include measures on customer experience and organisational performance.

Initiatives for 2016–17

- Facilitate and participate in programs hosted by local government peak bodies aimed at increasing participation by women in council elections.
- Implement the agreed improvements from Audit Committee of Council's transparency review.
- Develop a report summarising City of Melbourne's reform program on disclosure and transparency over the last council term.

Service Performance Outcome Indicators

Service	Indicator	Performance Measure	Computation
Governance	Satisfaction (Councils make and implement decisions in the best interests of the community)	Satisfaction with Council decisions (Community satisfaction rating out of 100 with how Council has performed in making decisions in the interests of the community)	Community satisfaction rating out of 100 with how Council has performed in making decisions in the interests of the community

Performance Statement

The service performance outcome indicators in the preceding pages are set by the Victorian Government and will be reported on within the City of Melbourne's Performance Statement prepared at the end of the financial year as required under section 132 of the Act. They will be audited by the Victorian Auditor General whose audit opinion, along with the Performance Statement, will be included in the Annual Report.

External factors affecting major initiatives

The City of Melbourne's major initiatives can be affected by factors outside of its control. In most cases major initiatives are structured to focus on our specific role however this is not always practical, especially when readers require a fuller context to understand the intent of the initiative. External funding arrangements also can affect major initiatives and some rely on external funding contributions. The City of Melbourne monitors progress on all its initiatives quarterly. Selected initiatives are reported on monthly.

BUDGET ANALYSIS

5. ANALYSIS OF OPERATING BUDGET

This section of the annual budget report analyses the expected revenues and expenses of the Council for the 2016-17 year.

5.1 Operating Revenue

	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s
Revenue Type			
Rates and charges	243,601	257,341	13,740
Statutory fees and fines			
Parking fines	42,233	42,642	409
Other statutory fees and fines	8,285	10,057	1,772
User fees			
Parking fees	46,593	46,098	(495)
Other user fees	16,195	16,655	460
Grants - operating	9,428	9,482	54
Grants - capital	8,323	8,748	425
Contributions - monetary	10,482	10,884	402
Net gain on disposal of property, infrastructure, plant and equipment	920	920	0
Other income	24,548	27,950	3,402
Total Operating Revenue	410,608	430,777	20,169

5.1.1. Rates and Charges (\$13.74 million increase)

The increase of \$13.74 million in net rates includes a rate increase of 2.50 per cent (\$6.20 million) and supplementary rates of \$6.52 million based on projected building completions. The remaining difference reflects the full year effect from 2015-16 supplementary rates and a decrease in anticipated rate adjustments reflecting current and future potential objections to valuations.

5.1.2. Fees and Charges (\$2.15 million increase)

	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s
Fees and Charges Type			
Parking fines	42,233	42,642	409
General fines	1,395	1,994	599
Town planning fees	2,182	2,708	526
Food and Health Act registration	3,022	3,395	373
Parking	46,593	46,098	(495)
Leisure centre and recreation	5,407	5,206	(201)
Child care/children's programs	2,889	3,023	134
Building services	3,798	4,188	390
Permits and Registrations	3,278	3,644	366
Other fees and charges	2,509	2,554	45
Total Fees and Charges	113,306	115,452	2,146

The budget contains some increases to fees as a result of either mandatory rises as a result of state legislation, bringing prices in line with competitors, or moving fees closer to cost recovery and parity with other neighbouring municipalities. Total combined revenue from parking fines and parking fees is expected to be flat reflecting an expected continued trend of flat and declining revenue over time.

Revenue from fees and charges is proposed to increase by \$2.15 million. The increase was due to higher general fines of \$0.60 million based on anticipated election fines and modest increases in building fines and litter fines from increased compliance activity. Non statutory building and planning fees have been increased to reflect full cost recovery. Planning and building revenue is budgeted to increase by \$0.53 million and \$0.39 million respectively.

Permits and registrations revenue is budgeted to increase \$0.37 million. Food and health act registrations revenue will increase by \$0.37 million due to an increase in volume of registration renewals.

Total parking fine revenue is expected to increase modestly by \$0.41 million to \$42.64 million due to changes in the penalty unit rate set by state legislation which will be offset by continued increase in compliance by the public with the number of people overstaying continuing to decline over time.

Parking fee revenue is expected to be modestly lower by \$0.50 million based on projected activity levels. There are no proposed changes to parking fee pricing which will remain the same as in 2015-16.

A list of the changes in fees and charges from 2016-17 is provided in Appendix F.

5.1.3. Operating Grants and Contributions (\$0.33 million increase)

	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s
Operating Grants and Contributions			
Grants - Operating			
Home & Community Services	2,736	2,885	149
Maternal & Child Health	475	488	13
Roads Corporation	145	153	8
Appropriation - Vic Grants Commission	2,457	2,521	64
Other Grants	3,615	3,435	(180)
Monetary Contributions			
Child Care Benefit	2,161	2,268	107
Sponsorships	777	1,170	393
Other Contributions	474	245	(229)
Total Operating Grants and Contributions	12,840	13,165	325

Operating grants and contributions have increased by \$0.33 million. This is mainly due to an increase in sponsorship income.

5.1.4. Capital Grants and Contributions (\$0.56 million increase)

	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s
Capital Grants and Contributions			
Grants - Capital			
Appropriations Victorian Government Grants	670	670	0
Parking Levy	7,000	7,000	0
Federal Grants	654	1,079	425
Monetary Contributions			
External Contribution - Capital Non-Govt	1,070	200	(870)
Public Open Space - Contributions	6,000	7,000	1,000
Non-Monetary Contributions			
Total Capital Grants and Contributions	15,394	15,949	555

Capital grants and contributions have increased by \$0.56 million. This is mainly due to increases in projected public open space contributions \$1.00 million and federal grants for the Roads to Recovery program \$0.43 million which is offset by various funding programs ceasing in 2015-16 including \$0.87 million Living Victoria project funding.

A list of all the capital contributions used to fund the 2015-16 Council works program is detailed in Appendix E.

5.1.5. Other Income (\$3.40 million increase)

Increase in other income is mainly due to increase in recoveries of \$3.07 million. The Council on a bi-annual basis recovers fees for property valuation information from the State Revenue Office. This was not budgeted in 2015-16.

5.2 Operating Expenditure

Expenditure Type	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s
Employee benefit expense	139,429	151,660	12,231
Materials and services	161,760	160,241	(1,519)
Bad and doubtful debts	6,888	5,604	(1,284)
Depreciation and amortisation	59,749	61,164	1,415
Borrowing Costs	746	1,310	564
Other expenses	4,698	6,444	1,746
Grants and contributions	12,533	12,987	454
Total Operating Expenditure	385,803	399,410	13,607

5.2.1 Employee Benefit Expense (\$12.23 million increase)

The majority of Council services and programs are delivered through staff. As the City grows, so do the demands for these services and programs. Council must balance the demands that this places on staff with the need to contain costs.

The number of Full Time Equivalent (FTE) is budgeted at 1,400.77 for 2016-17 compared to 1,320.12 in 2015-16. The increase in staffing numbers is due to a combination of factors including

- Increasing staff where it is a more cost effective way to deliver services.
- Roles funded by external grants.
- Legislative requirements.
- Major project such as Queen Victoria Market renewal and Melbourne Metro.
- Growth in services demand through increased population.

5.2.2 Materials and Services (\$1.52 million decrease)

Materials and Services expenditure for 2016-17 is lower by \$1.52 million or 0.01 per cent.

Contractor costs represent \$105.91 million of the total materials and services costs which is \$1.41 million higher than prior year. An allowance for VEC to conduct the election has been included at approximately \$1.20 million. Excluding the election cost the underlying contractor costs are budgeted to be relatively flat.

Reduction in overall materials and services costs are the culmination of converting some consulting and agency costs to positions, increased productivity and savings predominantly in administration costs and utilities. Savings in utility costs are due to rollout of efficient lighting and water savings initiatives.

5.2.3 Bad and Doubtful Debts (\$1.28 million decrease)

Bad and Doubtful Debts expenditure for 2016-17 is lower based on past experience and performance and reflects efforts in fine recovery activities.

5.2.4 Depreciation and Ammortisation (\$1.42 million increase)

Infrastructure asset stock and replacement costs are increasing reflecting the continued investment in infrastructure through the capital works program. The growing asset base leads to increasing depreciation and amortisation costs.

5.2.5 Borrowing Costs (\$0.56 million increase)

Increase in borrowing costs is due to \$30 million arrangement with the Clean Energy Finance Corporation for investments in sustainability projects. While there is an increase in borrowing costs, there is a net positive financial return to Council after any borrowing costs.

5.2.6 Other Expense (\$1.75 million increase)

Other expenses increased by \$1.75 million due mainly to higher land tax obligations with the acquisition of the Munro site for the Queen Victoria Market renewal project.

5.2.7 Grants and Contributions (\$0.45 million increase)

Total grants and contributions are expected to increase. This increase includes \$0.30 million in funding support for the first year in a 10 year proposed partnership with the Collingwood Football Club to enhance community access to recreation facilities.

A summarised list of grants and contributions is provided in Appendix G

6 ANALYSIS OF BUDGETED CASH POSITION

The cash flow statement shows cash movement in two main categories:

- operating activities – these activities refer to the cash generated or used in the normal service delivery functions of Council
- investing activities – these activities refer to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property, equipment etc.

6.1 Statement of Cash Flow

	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s
Statement of Cash Flow			
CASH INFLOWS/(OUTFLOWS) FROM OPERATING ACTIVITIES			
Receipts	405,695	423,345	17,650
Payments	(318,523)	(332,883)	(14,360)
Net Cash Provided by Operating Activities	87,172	90,462	3,290
CASH INFLOWS/(OUTFLOWS) FROM INVESTING ACTIVITIES			
Proceeds from sale of Property Plant & Equip	920	920	0
(Payments) Receipts for Property, Infrastructure, Plant and Equipment	(153,191)	(96,806)	56,385
Net Cash Used in Investing Activities	(152,271)	(95,886)	56,385
CASH INFLOWS/(OUTFLOWS) FROM FINANCING ACTIVITIES			
Repayment of borrowings - Current	(40,000)	0	40,000
Proceeds from borrowings	40,000	30,000	(10,000)
Borrowing Costs	(746)	(1,310)	(564)
Funds available from Financing Activities	(746)	28,690	29,436
Net increase/(decrease) in cash held	(65,845)	23,266	89,111
Cash at beginning of the financial year	78,063	12,218	(65,845)
Cash at end of the financial year	12,218	35,484	23,266

6.1.1 Operating Activities (\$3.29 million higher cash inflow)

Operating activities refer to the cash generated or used in the normal service delivery functions of Council. An inflow of cash is required to fund the capital works program.

The higher cash inflow in 2016-17 is largely due to higher net anticipated revenues.

6.1.2 Investing Activities (\$56.38 million lower cash outflow)

The lower cash outflow is attributable to the settlement of a strategic land acquisition (Munro site) which occurred in 2015-16. This is partly offset by an increased capital works program in 2016-17.

6.1.3 Cash at the end of Year (\$23.27 million increase in cash balance)

Overall, total cash is forecast to increase by \$23.27 million largely reflecting the inflow of cash from the CEFC. The following table provides an analysis of the major changes in cash inflows and outflows between the 2015-16 and 2016-17 budgets.

6.2 Reconciliation of operating Performance to Cash Flow

The following table provides a reconciliation of the operating performance from the Income Statement to the Cash Flow.

	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s
For the Year ending 30 June			
Net Surplus/(deficit) from operations	24,805	31,367	6,562
Add back:			
Depreciation	59,749	61,164	1,415
Net movement in working capital	2,618	(2,069)	(4,687)
Cash proceeds	920	920	0
Funds available for capital	88,092	91,382	3,290
Capital Expenditure	(153,191)	(96,806)	56,385
Financing activities	(746)	28,690	29,436
Net Cash inflow/(outflow)	(65,845)	23,266	89,111
Bank account (Opening Balance)	78,063	12,218	(65,845)
Bank account (Closing Balance)	12,218	35,484	23,266

6.2.1 Funds Available for Capital

The funds available for capital is expected to increase by \$3.29 million, this reflects higher net surplus from operations offset partially by net cash outflow from working capital.

6.2.2 Net Cash inflow

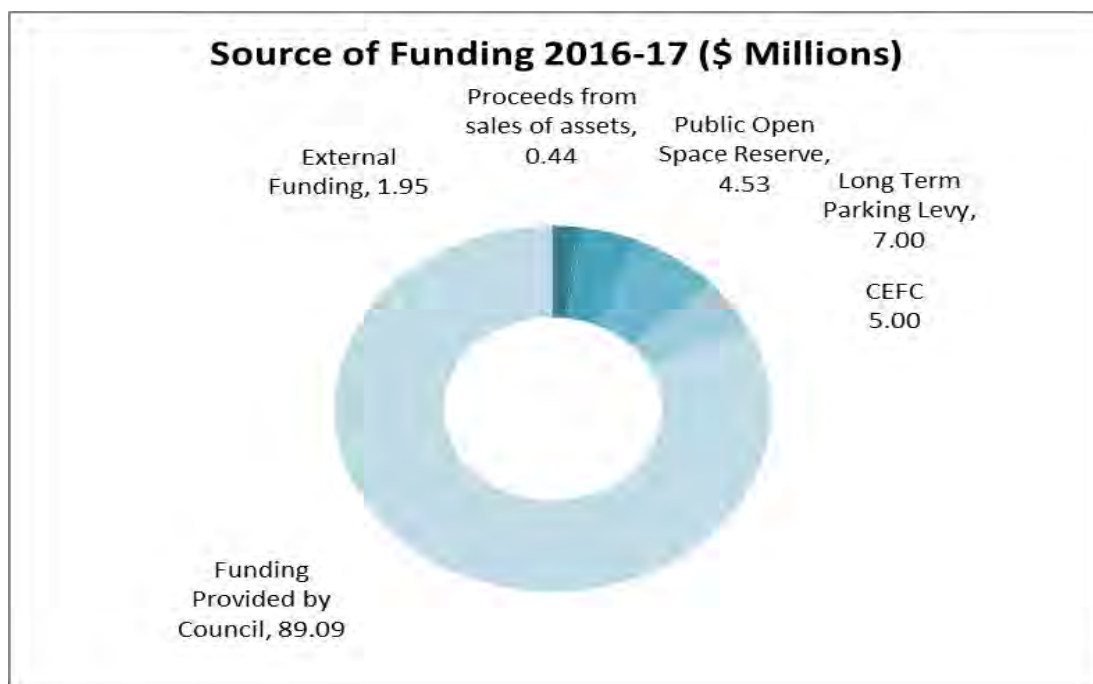

The net cash inflow variance from 2015-16 predominately reflects the land acquisition (Munro site) in 2015-16.

7 ANALYSIS OF COUNCIL WORKS (INCLUDING MAINTENANCE)

This section of the budget report provides an analysis of the planned council works expenditure budget for the 2016-17 year and the sources of funding for the budget. It should be noted that maintenance is included as part of the overall review of council works program but is funded out of the operating budget.

7.1 Funding Sources

	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s
Source of Funding			
External Funding	2,443	1,948	(495)
Proceeds from sales of assets	570	440	(130)
Public Open Space Reserve	5,430	4,530	(900)
Long Term Parking Levy	7,000	7,000	0
CEFC	0	5,000	5,000
Sub totals	15,443	18,918	3,475
Funding Provided by Council	71,135	89,088	17,953
Total Funding Sources	86,578	108,006	21,428

7.1.1 External Funding (\$1.95 million)

External funding includes amounts budgeted to be received from external parties including Roads to Recovery program funding \$1.08 million and Victorian Grants Commission – Local Road Funding \$0.67 million.

7.1.2 Proceeds from asset sales (\$0.44 million)

Proceeds from sales of assets refer to motor vehicle sales in accordance with Council's fleet renewal policy.

7.1.3 Public Open Space Reserve (\$4.53 million)

The \$4.53 million represents the amount to be allocated from the public open space reserves and will be spent on the following projects.

Southbank Boulevard, Hawke and Adderley Street park expansion, Dodds Street linear park, MacArthur Square upgrade, Elliot Avenue Billabong, Gardiner Reserve, Clayton Reserve, Lincoln Square, Robertson Reserve, La Trobe and Exhibition Street, Argyle Square, Royal Park and Bedford Street Park.

The public open space reserve is a statutory reserve required to account for developer contributions. The use of the funds is dictated by legislation, ensuring the funds are used to create community public spaces.

7.1.4 Long Term Parking Levy – Capital Projects (\$7.00 million)

The amount of \$7.00 million from Long Term Parking Levy relates to funding provided to improve congestion in the city. In 2016-17 the funds will be used for projects such as bicycle improvement works, streetscape improvements, footpath renewal, green your laneway pilot projects and the walking plan.

7.1.5 CEFC (\$5.00 million)

An amount of \$5.00 million has been allocated to the energy efficient street light renewal program to be funded from the Clean Energy Finance Corporation arrangement.

7.1.6 Funding Provided by Council (\$89.09 million)

During the year Council generates cash from its operating activities, which is used as a funding source for the capital works program. In 2016-17 funding to be provided by Council for Council Works will be \$89.09 million.

Refer section 6, "Analysis of Budgeted Cash Position" for more information on funds from operations.

7.2 Council Works

Source: Appendix E

A detailed listing of all projects comprising the capital works programme is in Appendix E.

7.2.1 Capital Grants (\$0.10 million)

For the 2016-17 year, \$0.10 million will be provided in grants for parks advanced design works. These works are in the maintenance program of works on assets not directly owned by the City of Melbourne.

7.2.2 Maintenance (\$11.42 million)

For the 2016-17 year, \$11.42 million will be expended on maintenance. The more significant projects include street lighting (\$2.17 million), Information Technology maintenance (\$1.20 million), Christmas decorations maintenance (\$1.20 million), parks maintenance works (\$1.01 million) and bridge maintenance (\$0.31 million).

7.2.3 New Works (\$19.15 million)

For the 2016-17 year, \$19.15 million will be expended on new works. The more significant projects include, climate adaption urban landscapes (\$2.66 million), bicycle improvement program (\$1.56 million), green your laneway pilot projects (\$1.30 million), new flood mitigation works (\$1.00 million), implementation of Docklands community and place plan (\$1.00 million), Christmas Festival new decorations (\$0.60 million) and road safety program (\$0.56 million).

7.2.4 Upgrade (\$15.65 million)

For the 2016-17 year, \$15.65 million will be expended on upgrade of existing assets. The more significant projects include Queen Victoria Market renewal project (\$8.45 million) and energy efficient street light program (\$5.00 million).

7.2.5 Renewal/Refurbishment (\$50.98 million)

For the 2016-17 year, \$50.98 million will be expended on renewal/refurbishment of existing assets. The more significant projects include roadways and footpaths renewal (\$10.00 million), Information Technology renewal (\$7.00 million), parks renewal (\$7.00 million), flood mitigation renewal (\$2.65 million), drains renewal (\$2.70 million) and kerb and channel renewal (\$2.00 million).

7.2.6 Expansion (\$10.70 million)

For the 2016-17 year, \$10.70 million will be expended on expansion of existing assets. This includes IT infrastructure expansion (\$5.00 million), Lady Huntingfield Child Care Centre (\$2.20 million), Hawke and Adderley Street park expansion (\$1.00 million) and Southbank Boulevard (\$1.00 million).

Refer to Appendix E for full details.

8 ANALYSIS OF BUDGETED FINANCIAL POSITION

This section of the budget report analyses the movements in assets, liabilities and equity between 2015-16 and 2016-17.

8.1 Budgeted Balance Sheet for Year ending 30 June

	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s
Current			
Assets	39,970	66,079	26,109
Liabilities	(94,504)	(93,521)	983
Net Current Assets	(54,534)	(27,442)	27,092
Non Current			
Assets	3,867,682	3,994,809	127,127
Liabilities	(6,860)	(37,462)	(30,602)
Net Non Current Assets	3,860,822	3,957,347	96,525
NET ASSETS	3,806,288	3,929,905	123,617
Equity			
Accumulated Surplus	1,832,809	1,864,176	31,367
Reserves	1,973,479	2,065,729	92,250
Total Equity	3,806,288	3,929,905	123,617

8.1.1 Current Assets (\$26.11 million increase)

The increase in current assets is due mainly to an increase in cash received from the Clean Energy Finance Corporation.

8.1.2 Current Liabilities (\$0.98 million decrease)

The decrease in current liabilities (that is, obligations Council must pay within the next year) of \$0.98 million is a result of assumed timing of creditor payments.

8.1.3 Net Current Assets (\$27.09 million increase)

The normal business cycle necessitates businesses meeting their obligations/liabilities from current assets which can and will be converted into cash in time to meet those obligations (those occurring in the normal business cycle and within the current year). The increase is mainly the result of higher cash.

The working capital ratio is expected to increase in 2016-17. The Council will be able to meet any and all obligations as and when they fall due. Forward projections show that working capital is expected to increase in future years.

	Actual 2013-14 \$000s	Actual 2014-15 \$000s	Budget 2015-16 \$000s	Budget 2016-17 \$000s
Working Capital Ratio				
Definition - Current Assets / Current Liabilities	1.32:1	1.64:1	0.42:1	0.71:1

8.1.4 Non-Current Assets (\$127.13 million increase)

The budgeted Balance Sheet shows non-current assets of \$3.99 billion as at 30 June 2017, which is an increase of \$127.13 million over 2015-16.

The increase in non-current assets is due to the combination of capital works works program of \$96.48 million which is offset by depreciation for the same period of \$61.16 million and anticipated revaluation of assets. In recent years the revaluation of assets has resulted in higher asset values.

8.1.5 Non-Current Liabilities (\$30.60 million increase)

The increase in non-current liabilities (that is, obligations Council must pay beyond next year) is a result of \$30.00 million arrangement with the Clean Energy Finance Corporation.

8.1.6 Equity (\$123.62 million increase)

The net increase in equity (or net assets) of \$123.62 million is the net difference between assets and liabilities as outlined in sections 8.1.1 through to 8.1.5 above.

8.1.7 Key Assumptions

In preparing the Budgeted Balance Sheet for the year ended 30 June 2017 it was necessary to make a number of assumptions about key assets, liabilities and equity balances. The key assumptions are as follows:

- trade creditors to be based on materials and services expenditure and increased capital;
- employee entitlements to be increased by estimated Enterprise Agreement outcome only; and
- total capital works expenditure of \$96.48 million will be paid in full in the 2016-17 year.

9 STRATEGIC RESOURCE PLAN 2016–2020

The Strategic Resource Plan (SRP) identifies the financial and non-financial resources required over the four-year period of 2016-20. The purpose of the strategic resource plan is to ensure adequate resources are available to maintain services at levels established by the Council and to implement the Council Plan priorities.

The four year SRP has been prepared in accordance with the requirements of the *Local Government Act 1989*. The Act requires that the Council prepare and approve a four year Council Plan, including the SRP. The SRP includes a four year financial estimate that comprises the Comprehensive Income Statement, Balance Sheet, Statement of Changes in Equity, Statement of Cashflows, Statement of Capital Works, Statement of Human Resources, Statement of Planned Human Resources and Summary of Planned Capital Works Expenditure.

The Strategic Resource Plan is revised annually as part of the Annual Plan and Budget process and projects out on a four year basis the financial resources estimated to be available to deliver the Council Plan and ongoing services to the community.

9.1 The economic environment and key financial assumptions

The Strategic Resource Plan is prepared and revised annually based on the latest economic and financial information at the time of preparing the plan. As economic and financial variables change over time the plan is adjusted accordingly to take account of these movements.

The key financial assumptions underpinning the SRP are detailed in the table below:

	Budget	Strategic Resource Plan		
	2016-17	2017-18	2018-19	2019-20
	%	%	%	%
Rate Increase	2.50	2.50	2.50	2.50
CPI	2.50	2.50	2.50	2.50
Total Revenue (excl net asset sales)	4.92	6.15	3.36	1.84
Total Cost Increase	3.53	3.10	3.60	3.80
Investment Returns (Cash)	2.00	2.00	2.00	2.00

The SRP has been developed through a rigorous process and is based on the following key information:

- Audited financial statements as at 30 June 2015
- Proposed 2016-17 Annual Plan and Budget

- Assumptions about changes in future income and expenditure associated with meeting current levels of services
- economic and financial indicators based on external sources.

The financial projections included in the SRP have been developed using a contemporary approach to financial statements which links the Comprehensive Income Statement, Balance Sheet, Statement of Changes in Equity, Statement of Cashflows, Statement of Capital Works, Statement of Human Resources, Statement of Planned Human Resources and Summary of Planned Capital Works Expenditure.

9.2 Key Objectives of the Plan

The key objectives which underpin the financial plan include:

- Long Term Financial Sustainability – Over the four year plan it is expected to sustain its solid financial position through a commitment to prudent financial management and maintaining long term underlying surpluses.
- Asset Management – Infrastructure assets will exceed \$4.69 billion and represent the single biggest asset group in Council's control. Recognising the need to ensure adequate financial provision is made to maintain assets at appropriate service levels in a growing municipality, the plan includes provision for an increase in the Capital Works Program.
- Rating Strategy – over the period of strategic resource plan, commencing 2016-17, a modest increase in rates is planned reflecting expected general cost increases and growth in service demand across the municipality. The Victorian Government policy on rates capping will commence from 2016-17. Council expects development to continue across the municipality which will contribute to an increasing rate revenue base.
- Improve accessibility to the City and encourage greater use of public transport.
- Monitor the investment portfolio and update strategies to ensure target returns are achieved over the long term.

The Council recognises the need for long term financial planning and has committed to updating the 10 Year Financial Plan which was released in 30 June 2015. The plan will incorporate the objectives outlined and ensure continued long term financial sustainability of Council while providing sufficient funding for future services and infrastructure to the community.

9.3 Four-year Council Financial Plan

In preparing the Strategic Resource Plan, the Council has also been mindful of the need to comply with the following principles of sound financial management as contained in the Act:

- Prudently manage financial risks relating to debt, assets and liabilities.

- Provide reasonable stability in the level of rate burden.
- Consider the financial effects of Council decisions on future generations.
- Provide full, accurate and timely disclosure of financial information.

	Budget	Strategic Resource Plan		
	2016-17 \$000s	2017-18 \$000s	2018-19 \$000s	2019-20 \$000s
Key Financial Indicators				
Underlying Surplus/(deficit)	15,419	16,766	20,765	18,381
Total Revenue (excl net asset sales)	429,857	456,306	471,659	480,356
Total Operating Expenditure	399,410	411,807	426,614	442,818
Gross Capital Expenditure	96,481	145,011	215,251	207,979
Cash Inflow/(Outflow)	23,266	(32,586)	8,746	(917)
Cash Assets	35,484	2,898	11,644	10,727

9.4 Financial Plan Summary

The underlying theme of the four year Council Financial Plan is sustainability of core Council services and progressively growing the financial capacity to meet increased infrastructure. The plan presents a prudent financial position.

10. VALUATION

10.1 Revaluation

The Councillors of the City of Melbourne, on 28 October 2014, resolved to cause a general valuation of the municipality to be made and returned in accordance with Section 11 of the *Valuation of Land Act 1960* (VLA).

The resolution instructed the Manager Property Services to make a general valuation showing the Net Annual Value (NAV), the Capital Improved Value (CIV) and the Site Value (SV) of all rateable property and all property owned by the City of Melbourne, the State and Federal Governments and charitable and educational institutions in the municipality and to return the valuation by 30 June 2016.

In accordance with section 11 of the VLA, the 1 January 2016 is the date at which all property will be assessed.

This resolution will allow the valuation as at 1 January 2016 to be adopted as the basis on which general rates are to be levied for the period commencing 1 July 2016 and ending 30 June 2018.

10.2 Outcomes of General Valuation

The 2016 General Valuation resulted in an overall increase in the total NAV from \$6.3 billion to \$6.8 billion, for all properties in the municipality irrespective of rateable status. This represents an overall increase of 7.5 per cent.

The total NAV for rateable properties has increased from \$5.5 billion to \$5.9 billion. This represents an increase of 7.4 per cent.

Overall non-residential NAV has increased by 8.6 per cent, whilst residential NAV has increased by 5.5 per cent.

10.3 Major Influences

The major influences affecting the outcome of the General Valuation have been:

- Low interest rates and the low Australian dollar are supporting economic growth.
- Non-residential is supported by increased retail turnover.
- Residential growth is solid, with apartment approvals continuing.
- Strong buyer appetite for development sites, with residential sites becoming scarce.

10.4 Valuations by Class of Land

The valuation totals of the various land classes are as follows:

City of Melbourne Valuations 2016-17				
Class of Land	Number of Assessments	Net Annual Value \$	Capital Improved Value \$	Site Value \$
Residential	76,433	2,215,313,563	44,306,271,250	14,196,327,515

11. INVESTMENT STRATEGY

11.1 Strategy Development

The Council maintains an investment portfolio of cash investments, property holdings, car parks and shares in subsidiary and associated companies. Commercial investments are broadly defined to include those assets that are able to achieve a commercial rate of return, most of which also satisfy a strategic objective of Council.

The investment portfolio is projected to total \$321.29 million as at 30 June 2017. The investment portfolio is expected to yield an annual cash income to council of approximately \$17.82 million. The portfolio is invested in accordance with Council's investment policy.

The profile of the investment portfolio and the returns are expressed in the following charts.

11.2 Key Targets

The investment portfolio strategy and policy have previously been reviewed by the administration and independent external advisors. The following targets were developed:

- The total return objective of the portfolio is the average 10 year government bond rate + 3.00 per cent per annum measured over a rolling five year period.
- Maintain the real value of the investment portfolio.

11.3 Key Influences for 2016-17

In developing the budget for 2016-17 and the financial return from the investment portfolio a number of factors have had an effect on the outcomes. The most significant are:

11.3.1 Cash

- The cash balance was budgeted at \$12.22 million as at 30 June 2016 and forecast to finish the financial year in 2016-17 at \$35.48 million, largely due to CEFC loan facility of \$30.00 million.
- The cash investments are forecast to return \$0.42 million. This is based on an average cash balance of \$21.21 million for 2016-17.

11.3.2 Subsidiaries

- Decrease in subsidiary income is due mainly to lower licence fee income projected to be received from QVM.

11.3.3 Car Parks

- Budgeted lower returns on car parks.

11.3.4 Investment Properties

- Returns on investment properties are projected to modestly lower.

Table 1 provides a summary of the changes in the returns for the assets contained in the investment portfolio in the budget for 2016-17. It should be noted that these amounts are contained in the categories of revenue shown in the budget document. The amounts will not, in all cases represent the total revenue reported. As the investment portfolio, includes most, but not all of the assets and activities generating revenue for the Council.

Table 1

Source	Budget 2015-16 \$000s	Budget 2016-17 \$000s	Variance \$000s

- Property Rentals (Net)	3,828	2,874	(954)
TOTAL	19,367	17,817	(1,550)

The initiatives and strategies described above are expected to result in the investment portfolio contributing \$17.82 million to council's total revenue. The value of these investments and returns included in the proposed budget for 2016-17.

12. BORROWINGS

12.1 Borrowing Facility & Strategy

Council has 2 facilities in place as at 1 July 2016. ANZ facility with a maximum borrowing limit of \$75.00 million and will only be drawn upon on an 'as needs basis' to meet working capital requirements. The second facility is with the Clean Energy Finance Corporation (CEFC), the facility is a 5 year fixed rate facility of \$30.00 million. The purpose of the CEFC facility is to use funding to accelerate sustainability initiatives such as the energy efficient street light renewal project. It is projected that investing in sustainability initiatives will realise savings in operating costs over time which will more than offset any costs associated with this borrowing.

Council is in the process of further developing its funding strategy for the medium to long term infrastructure needs and funding requirements.

The basis of valuation to be used is the Net Annual Value (NAV).

The estimated total value of each type or class of land, and the estimated total value of land, compared with the previous financial year:

Type or class of land	2015-16 \$	2016-17 \$	Change
Residential	1,998,497,230	2,215,313,563	10.8%
Non-Residential	3,370,090,763	3,654,374,348	8.4%
Exempt	785,967,883	854,372,606	8.7%
Cultural and recreational	54,655,910	56,062,542	2.6%
Total value of land	6,209,211,786	6,780,123,059	9.2%

The City of Melbourne does not propose to levy any rates or charges under the following sections of the Act:

- Section 159 – Municipal charge;
- Section 162 – Service rate and service charge;
- Section 163 – Special rate and special charge.

The Port of Melbourne Corporation assessments may be subject to change due to unresolved litigation. This change may be significant enough to affect the estimated amounts to be raised by rates and charges. Additionally, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations;
- The variation of returned levels of value (e.g. valuation objections & appeals);
- Changes of use of land such that rateable land becomes non-rateable land and vice versa;
- Changes of use of land such that residential land becomes commercial land and vice versa.

3. Differential rates

Rates to be levied

The rate and amount of rates payable in relation to land in each differential category are:

- A general rate of 4.07507 cents in the dollar of NAV for all rateable residential properties;
- A general rate of 4.48500 cents in the dollar of NAV for all rateable non-residential properties;

Each differential rate will be determined by multiplying the Net Annual Value of each rateable land (categorised by the characteristics described below) by the relevant rates indicated above.

Residential land

Residential land is any land, which is:

- used primarily for residential purposes (but does not include serviced apartments, apartment houses, boarding houses, hotels, motels or hostels); or
- vacant land but which by reason of its locality, zoning or other relevant criteria would, if developed, be or be likely to be used primarily for residential purposes.

Non-Residential land

All rateable land (including vacant and unoccupied land), wherever located in the municipality and howsoever zoned under the planning scheme, which does not have the characteristics of Residential land.

The classification of land which is improved will be determined by the occupation of that land and have reference to the planning scheme zoning.

Notes to indicators

Financial Performance

Stronger overall operating financial performance is expected in 2016-17 as represented by the ratios above with an increased underlying surplus. Ratio remains positive over the next four years

Financial Position

The trend indicates a modest decrease in the Council's short term liquidity financial position over the next four years.

APPENDIX H – PUBLIC NOTICE – DRAFT 2016-17 ANNUAL PLAN AND BUDGET

The Melbourne City Council (Council) has prepared a draft 2016–17 Annual Plan and Budget for the financial year ending 30 June 2017 (Annual Plan and Budget). At its meeting on 5 May 2016 the Council considered the Annual Plan and Budget and resolved to release it for public consultation in accordance with sections 127 and 129 of the Local Government Act 1989 (Act).

PUBLIC INSPECTION

Copies of the draft Annual Plan and Budget are available for inspection from 6 May 2016 until and including 3 June 2016 at the following locations:

- Town Hall Administration Building, 120 Swanston Street, Melbourne. Ground Floor at Front Desk (7.30am – 5pm weekdays)
- City Library (Mon-Sun)
- North Melbourne Library (Mon-Sun)
- East Melbourne Library (Mon-Sun)
- Southbank Library at Boyd (Mon-Sun)
- The Hub at Docklands (Mon-Fri).

Copies may also be viewed online at melbourne.vic.gov.au/budget

SUBMISSIONS

Any person may make a written submission to the Council on the Annual Plan and Budget. All submissions received by the Council on or before 3 June 2016 will be considered in accordance with section 223 of the Act, by the Council's Future Melbourne Committee (Committee).

If a person wishes to be heard in support of their submission they must include the request to be heard in the written submission and this will entitle them to appear in person, or by a person acting on their behalf, before a meeting of the Committee, scheduled to be held on 16 June 2016, 5.30pm in the Council Meeting Room, Level 2, Town Hall Administration Building, 120 Swanston Street, Melbourne.

Written submissions can be submitted online via our website melbourne.vic.gov.au/budget or addressed to the Manager Governance and Legal, Melbourne City Council, Town Hall Administration Building, 120 Swanston Street, Melbourne, 3000 or GPO Box 1603, Melbourne, 3001.

Written submissions received will be made public and made available on the Council's website.

MEETING TO ADOPT THE ANNUAL PLAN AND BUDGET

Council will meet on 28 June 2016 to adopt the Annual Plan and Budget.

APPENDIX I - PUBLIC NOTICE – NOTICE OF INTENTION TO DECLARE A DIFFERENTIAL RATE

At its meeting on 5 May 2016, the Council resolved to give public notice under section 223 of the Local Government Act 1989 of its intention to declare a differential rate for the financial year ending 30 June 2017.

The rates for each property are determined by multiplying the Net Annual Value of each rateable land classified as Residential or Non-Residential by the differential rate shown in the following table:

Class of Land	Differential Rate
Residential	4.07507 cents in the dollar of the Net Annual Value
Non-Residential	4.48500 cents in the dollar of the Net Annual Value

The characteristics of the land which determine whether land is classified as Residential or Non-Residential are as follows:

Class of Land	Characteristics
Residential	Land which is - (a) used primarily for residential purposes (but does not include serviced apartments, apartment houses, boarding houses, hotels, motels or hostels); or (b) vacant land but which by reason of its locality, zoning or other relevant criteria would, if developed, be or be likely to be used primarily for residential purposes.
Non-Residential	All rateable land (including vacant and unoccupied land) wherever located in the municipality and howsoever zoned under the planning scheme which does not have the characteristics of Residential land.

It is considered that each differential rate will contribute to the equitable and efficient carrying out of Council's functions in that it is likely to achieve an equitable financial contribution to the cost of carrying out the functions of Council, including -

- planning for and providing services and facilities for the local community;
- providing and maintaining community infrastructure;
- the provision of general support services.

SUBMISSIONS

Any person may make a written submission to the Council on the proposed declaration of a differential rate. All submissions received by the Council on or before 3 June 2016 will be considered in accordance with section 223 of the Act, by the Council's Future Melbourne Committee (Committee).

If a person wishes to be heard in support of their submission they must include the request to be heard in the written submission and this will entitle them to appear in person, or by a person acting on their behalf, before a meeting of the Committee, scheduled to be held on 16 June 2016, 5.30pm in the Council Meeting Room, Level 2, Town Hall Administration Building, 120 Swanston Street, Melbourne.

Written submissions can be submitted online via our website melbourne.vic.gov.au/budget or addressed to the Manager Governance and Legal, Melbourne City Council, Town Hall Administration Building, 120 Swanston Street, Melbourne, 3000 or GPO Box 1603, Melbourne, 3001.

Written submissions received will be made public and made available on the Council's website.

APPENDIX L - GLOSSARY OF TERMS

Act	Local Government Act 1989
Accounting Standards	Australian accounting standards are set by the Australian Accounting Standards Board (AASB) and have the force of law for Corporations law entities under s 296 of the Corporations Act 2001. They must also be applied to all other general purpose financial reports of reporting entities in the public and private sectors.
Underlying revenue	The underlying revenue means total income other than capital grants and capital contributions.
Underlying surplus (or deficit)	The underlying surplus (or deficit) means underlying revenue less total expenditure.
Adjusted underlying revenue	The adjusted underlying revenue means total income other than non-recurrent grants used to fund capital expenditure, non-monetary asset contributions, and contributions to fund capital expenditure from sources other than grants and non-monetary contributions. Local Government (Planning and Reporting) Regulations 2014 - Schedule 3
Adjusted underlying surplus (or deficit)	The adjusted underlying surplus (or deficit) means adjusted underlying revenue less total expenditure. It is a measure of financial sustainability of the Council which can be masked in the net surplus (or deficit) by capital-related items. Local Government (Planning and Reporting) Regulations 2014 - Schedule 3

Annual budget	Plan under Section 127 of the Act setting out the services to be provided and initiatives to be undertaken over the next 12 months and the funding and other resources required.
Annual report	The annual report prepared by Council under sections 131, 132 and 133 of the Act. The annual report to the community contains a report of operations and audited financial and performance statements.
Australian Accounting Standards	Accounting standards are issued from time to time by the professional accounting bodies and are applicable to the preparation of general purpose financial reports.
Asset expansion expenditure	<p>Expenditure that extends the capacity of an existing asset to provide benefits to new users at the same standard as is provided to existing beneficiaries.</p> <p>Local Government (Planning and Reporting) Regulations 2014 – Regulation 5</p>
Asset renewal expenditure	<p>Expenditure on an existing asset or on replacing an existing asset that returns the service capability of the asset to its original capability.</p> <p>Local Government (Planning and Reporting) Regulations 2014 – Regulation 5</p>
Asset upgrade expenditure	<p>Expenditure that:</p> <ul style="list-style-type: none">(a) enhances an existing asset to provide a higher level of service; or(b) increases the life of the asset beyond its original life. <p>Local Government (Planning and Reporting) Regulations 2014 – Regulation 5</p>

Borrowing strategy	A borrowing strategy is the process by which the Council's current external funding requirements can be identified, existing funding arrangements managed and future requirements monitored.
Balance sheet (budget)	The budgeted balance sheet shows the expected net current asset, net non-current asset and net asset positions in the forthcoming year. The balance sheet should be prepared in accordance with the requirements of AASB 101 - Presentation of Financial Statements and the Local Government Model Financial Report.
Comprehensive income statement	The comprehensive income statement shows the expected operating result in the forthcoming year. The income statement should be prepared in accordance with the requirements of AASB101 Presentation of Financial Statements and the Local Government Model Financial Report.
