**Please write your submission in the space provided below and submit by no later than 10am on the day of the scheduled meeting. We encourage you to make your submission as early as possible.**

I am the owner of St Andrews St, North Melbourne VIC 3051. The proposed development of 8 x 4-5 storey townhouses at 6-10 Gardiner St, North Melbourne VIC 3051 will be directly across from me in St Andrews St, North Melbourne. This development will block the direct sunlight that currently I enjoy in my house. It will also allow residents in that building to look directly onto my patio, and into my lounge room. I wish therefore to lodge an objection.

Yours sincerely

A/Prof David Darby MBBS PhD FRACP  
St Andrews St  
North Melbourne VIC 3051

**Submission to Future Melbourne Committee o September 4, 2018 by David Molan**

The building is too large for the site. The developers have designed a building suitable to wide streets and placed it in a narrow maze of small streets. Its bulk and height cannot be accommodated in this area and would dominate the surroundings. Its square boxy design and size is completely different from any other nearby buildings which are all single dwellings less than 10 metres high. In this respect it fails to meet the guideline that the *"new development respects existing built form especially the existing older building stock"*.

The three streets it faces are all 6 metres wide meaning this building would tower over the streetscape and provide a canyon effect and an unpleasant and unfriendly presentation to the street. The guidelines demand that *"the development provides a transition in scale to the lower building forms"*. This building makes no attempt to accommodate such a transition being simply a huge square box with tiny setbacks which are a feeble attempt at transition.

The light available to our property will be significantly reduced by this development. We will be significantly overshadowed from early afternoon at all times but especially in winter. Overshadowing at the equinox does not recognise the reality which is that most of our windows face west and they will be overshadowed for significant periods. In addition, we will receive little reflected light as the building is like a black death star absorbing the light that hits it. This is significant loss of amenity which has not been seriously considered despite it being an important consideration under the Guidelines (Clause 65). Our quality of life will be severely diminished, our property value will be reduced and our costs to alleviate this will be significant.

Our privacy will be affected at all levels. The first floor of the development has windows directly facing one of our bedrooms at 6 metres distance. This has not been considered in the development and it is unreasonable to say that no one will look out that window. The second level overlooks our main bedroom and deck and there is no additional screening to prevent overlooking at that level. This again is a major loss of amenity for us. Overlooking from higher levels presents even more significant loss of the amenity of privacy.

This building does nothing to improve the liveability of the area. It destroys the amenity of the area by creating such an out-of-character building. I am not against redevelopment of this site but the building needs to be a maximum of 10 metres high and with setbacks of at least 3 metres at the upper levels. The current plan is a greedy overdevelopment of the site.

Agenda item title: \* TP-2016-1054

Please write your submission in the space provided below and submit by no later than 10am on the day of the scheduled meeting. We encourage you to make your submission as early as possible.

This is an unreasonable proposal for the site.

The overwhelming visual bulk of the building is inappropriate for the surroundings. The renderings accompanying the proposal are deceptive and out of scale, giving the impression that it is set in wide boulevards. In fact the surrounds are narrow streets and lanes.

The proposal is an overdevelopment of the site. It is too high for the area and will tower over adjacent homes. There is insufficient setback to all street frontages, with sheer two level facades at the boundary on all sides. Even higher in Gardiner St. This would be visually oppressive, particularly set amongst 5 to 6 metre wide streets.

The building is poorly designed. Narrow, five level dwellings with no lift results in poor amenity for the potentially many residents.

Please indicate whether you would like to address the Future Melbourne Committee or the Submissions (Section 223) Committee in support of your submission: No

**Date of meeting: \*** Tuesday 4 September 2018

**Agenda item title:** Agenda 6.1 Planning Permit ApplicationTP-2016-1054

\*

Please write your submission in the space provided below and submit by no later than 10am on the day of the scheduled meeting. We encourage you to make your submission as early as possible.

We wish to submit to you our reasons for continued objection to the granting of this permit. They are as follows.

1. The appearance, materials, height and excessive visual bulk – is not respectful of the existing built form and would overwhelm the hitherto careful preservation of the old brick facade along the entire street. Currently the old brick factory walls are continuous on both sides of the street to at least above first floor window line. The wall projected to be demolished is of characterful old brick (simply painted, NOT rendered as in the description) and should be preserved in the design as with the other dwellings in this small street. (At least the bricks themselves should be re-used) This could help keep the attractive and subtle heritage feel of our street and neighbourhood, which has residential and Victoria market businesses coexisting side by side.

2. Future character and quality of life of this part of North Melbourne–

The number of units in the development, eight, is too many - making the living space half that of the other homes and will encourage purchase for rental to tenants in cramped conditions rather than providing four modest homes for potential family owners that this area needs, and retaining the value for the current residents. The visual aspect and the size of the proposed development would be more suitable for the width of Chetwynd, Howard or Victoria streets nearby, not for this back-lane area behind these streets.

3. Loss of the amenity of street parking for our family and most residents.-

Since moving in, in the mid 1990's we, as other residents on the west side of St Andrews St, have parked in the street in front of our properties. The street is two car widths wide. This street parking will be rendered impossible with the four new garages depending on the entire street width (to my very doorway) to manoeuvre a vehicle, thus there will be 5-7 car parking spaces lost and these will need to be relocated to surrounding streets furthering parking problems in the area.

Thank you for your consideration of this objections.

7 June 2018

Ben Rimmer  
Chief Executive Officer  
City of Melbourne  
GPO Box 1603  
Melbourne 3001 VIC

Dear Mr Rimmer,

Quit Victoria strongly supports the City of Melbourne's proposal to expand Melbourne's existing smoke-free outdoor areas by prohibiting smoking in Fulham Place and Collins Way.

Tobacco smoking remains the leading preventable cause of death and disease in Australia. Smoking leads to a wide range of diseases including many types of cancer, heart disease and stroke, chest and lung illnesses and stomach ulcers. Each year smoking causes approximately 4,400 avoidable deaths in Victoria. Research has linked secondhand smoke exposure to a number of health conditions, including heart disease, chronic obstructive pulmonary disease (COPD), stroke and various forms of cancer. Secondhand smoke is particularly harmful to children and has been linked to sudden infant death syndrome (SIDS), lower birth weight and various forms of childhood cancer. Research confirms there is no 'safe' level of exposure to secondhand smoke.

We believe the proposed expansion of Melbourne's smoke-free areas will make a positive contribution to improving the health, wellbeing and amenity of residents, workers and visitors to these spaces. Smoke-free laws can also provide motivation for existing smokers to quit, while supporting former smokers to remain smoke-free. We note that smoke-free public places are linked to the adoption of smoke-free homes, which in turn are associated with an increase in successful quit attempts.

In the event that the proposal is implemented, we encourage the City of Melbourne to ensure that sufficient resources are dedicated to promoting awareness of the new smoke-free areas and to enforcing the new laws.

Once again, we commend the City of Melbourne for demonstrating strong leadership and commitment to the health and wellbeing of Victorians through this proposal. We are pleased to support this initiative as part of its wider smoke-free areas project.

Should you require any assistance with the proposal, or any information about smoke-free outdoor areas generally, please do not hesitate to contact Kylie Lindorff, Manager of Tobacco Control Policy at Quit Victoria on 9514 6462 or email [kylie.lindorff@cancervic.org.au](mailto:kylie.lindorff@cancervic.org.au)

Yours sincerely,

**Dr Sarah L. White**  
Director  
Quit Victoria

Future Melbourne Committee meeting

Date of meeting: \* Tuesday 4 September 2018

Agenda item title: \* Exhibition Street safety

Please write your submission in the space provided below and submit by no later than 10am on the day of the scheduled meeting. We encourage you to make your submission as early as possible.

I've worked in Exhibition St for the past 19 years, and these days, find it an unpleasant experience to travel to and from, or spend time in. Sections of the footpaths have been taken over by builders for, apparently, years, forcing pedestrians into narrow strips of pathway. There are many more offices, bringing a lot more pedestrian traffic to the street. The road is becoming a traffic sewer like King St, making it dangerous to cross, even at intersections. Drivers turning off Exhibition St, especially into Flinders Lane, Little Collins, and car parks, often fail to give way to pedestrians, in their haste to get off the street. The current configuration hasn't substantially changed in a long time, and is no longer providing a safe, pleasant environment for the larger numbers of people using it.

I'd like to suggest some ideas to improve the amenity of the area : reduce the street to two lanes of traffic (as Flinders Street will soon have); install permanent bike lanes (like Latrobe St) – part-time ones are confusing for everyone; widen footpaths, especially on the east side between Bourke & Collins, which carries far too much pedestrian traffic for the space; ban motorbike parking on paths – re-purpose more street parking from cars to motorbikes; and ideally – put a tram line down the centre of the road to make it easier to get around this end of town. Thanks for your time.

Please indicate whether you would like to address the Future Melbourne Committee or the Submissions (Section 223) Committee in support of your submission: No

The Secretary,  
Future Melbourne Committee

**Re: Notice of Motion, Cr Leppert: *Exhibition St safety***

Cr Leppert draws the Committee's attention to certain recommendations in the City of Melbourne's *Bicycle Plan 2016 – 2020* and wishes the Committee to note that the existing bicycle lanes in Exhibition Street 'have not been as effective as desired'. In that plan, only the Haymarket Roundabout outranks Exhibition Street on the list of issues raised in Community Feedback, which is stated to be 'unsafe due to temporary bicycle lanes and number of taxis.'<sup>i</sup>

The Management of Her Majesty's Theatre views the potential outcome of Cr Leppert's wish with concern, heightened by Cr Leppert's request for 'options to expedite works', and hope for an opportunity to engage in a meaningful consultation process before planning commences.

Our own observations strongly suggest that the northbound (peak-hour only) bicycle lane is much less used than the southbound; we have been unable to learn whether or not the traffic-modelling investigation under action 34 of the *Plan* confirms this, and look forward to the results being made available to stakeholders at the earliest possibility. Our observations also indicate that it is centre-of-road parking that poses the greatest threat to both safety and amenity, and would suggest that it is entirely incompatible with bicycle lanes, separated or otherwise, and ought to have no place in a modern city.

Currently, there are only a few short stretches of painted bicycle lane on our side of Exhibition Street North of Little Collins Street, one of which is on our frontage. Were this to become permanent, the effect on our business would be profound. Taxis, chartered buses and private vehicles drop off and pick up patrons for eight shows a week, year round. Buses in particular would be the worst affected, being often essential to matinée patrons, many of whom are elderly. We believe that the impact of a kerb-side permanent bicycle lane on pedestrian safety would be potentially disastrous.

Yours faithfully,

Matthew Peckham  
Manager, Production & Capital Works

Date of meeting: \* Tuesday 4 September 2018

Agenda item title: \* Response to Application TP-2016-1054

Please write your submission in the space provided below and submit by no later than 10am on the day of the scheduled meeting. We encourage you to make your submission as early as possible.

My neighbour Chris Storey is submitting a slide set that he and I would like to talk to at the meeting tomorrow night.

This proposed development is opposite my house in Gardiner St and I object to it on the following grounds:

Overshadowing

- the plans demonstrate overshadowing at the Equinox of my house
- The energy efficiency of my house will be severely impacted. I have solar panels on my easterly facing front roof section that will be overshadowed the entire morning at the Equinox ,and more severely impacted other times of the year
- I have a skylight window that provides light/sun into my lounge room that is being overshadowed

Overlooking

- the plans demonstrate overlooking directly into my lounge room from the proposed 2nd floor through to the roof terrace. Given that I am less than 9meters away I did ask the developer to include screening however this has not been included.
- there is also significant overlooking of my outside living space on my 1st floor and into my bedroom beyond

In general

I do not think the site able to accommodate this development. The surrounding streets are very narrow and this development has unreasonable visual bulk that is not in keeping with the area. The area is primarily a pedestrian area with non-existent footpaths. The proposed 4 storeys is not appropriate due to the narrowness of the surrounding streets and the close proximity of all the other dwellings in the area.

It is an overly-ambitious and inconsiderate development for the area

---

Dear Councillors,

My partner and I own and live at 1 St Andrews Street with a two and half year old daughter. I am a consultant town planner and have a good grasp of the Melbourne Planning Scheme. My partner and I objected to the proposal for numerous reasons but would like to take this opportunity to highlight a few issues that we think were not appropriately appreciated by the Council planner in their report.

1. While there is some discussion of internal amenity, there is no discussion of internal amenity in relation to Clause 16.01 of the Melbourne Planning Scheme, the first objective of which is *To promote a housing market that meets community needs*. Furthermore, the proposal fails to appropriately respond to Objective 4 of Clause 21.07 of the Melbourne Planning Scheme, which states that housing is *To support a range of housing tenures, types and options to meet the diverse of housing needs*.

I have yet to understand how this proposal respond appropriately to Clause 16.01, in particular how these eight houses will meet community needs when the vast majority of the community will be unable to live in them. A four floor townhouses (with a fifth floor roof deck) is impractical when no lift is provided. People with health issues may not be able to live here, elderly people will not be able to live here, and families with small children will not be able to live here. We note that in addition to no lift, there is no toilet on the second floor with the living dining and kitchen.

2. In regards to TP-2009-711, issued at the direction of VCAT on 8 October 2010, we acknowledge the previous decision by Member Fong but we think it's important to note that the subject site in that matter was larger than the subject site of this application. Furthermore, we submit that town planning assessments are more rigorous now than 2010, with a greater emphasis on built form impacts to the public realm. While DDO32 provides for a 14 metres height limit, we submit that buildings of this height are more appropriate along the numerous wide streets within North Melbourne, such as Chetwynd, Howard, and Queensbury capable of absorbing the built form impacts while still providing for outlook from the footpath.

A development proposal first and foremost must respond to the specific context of the site and just because a permit can be granted for a building of the height proposed, does not mean that one should be granted. We submit that St Andrews Street, Warrick Street and Gardiner Street are all narrow streets incapable of absorbing the intense built form proposed. Should further development of this scale persist, these narrow streets will turn into canyons.

3. The planner has misrepresented shadow impacts to 1 St Andrews Street, stating:

*It is noted that at 9am and 10am the smaller areas of private open space to the west will be impacted by the development, particularly at 1 and 3 St Andrews Street. However as noted above the shadow impact of the development subsides by 11am.*

The planner fails to acknowledge that the proposal overshadows the SPOS of 1 St Andrews at 11am. Refer to the proposed shadow diagram on Page 19 of 52 in the officer's report.

4. We also note that the Section 12.3.1 of the officer's report reiterates advice provided by the applicant. However, as stated in our email to Council on 18 June 2018, we believe that this

advice bears further examination. We note that Council has resolved to not alter the traffic controls for St Andrews Street unless requested by a majority of adjoining owners.

Advice provided by Best Hooper to the applicant referred to the *Road Safety Road Rules 2009*, where the Rules state that 3 metres must remain free of parked vehicles to provide for passing and given the width of St Andrews Street, cars should not be allowed to park on St Andrews Street.

We do not disagree with this advice; however, cars are not the only vehicles which have the right to be parked on the street. Motorcycles and motor scooters are becoming more common worldwide, in particular in the City of Melbourne where they allow riders to negotiate congestion more efficiently than a car and are easier to park.

The swept paths provided by the applicant demonstrate that there would be vehicle conflicts with parked motorcycles and parked motor scooters on St Andrews Street and thus we submit that the proposal should be amended so that crossovers to St Andrews Street are deleted to avoid potential vehicle conflict.

Clause 65 of the Melbourne Planning Scheme states

*Because a permit can be granted does not imply that a permit should or will be granted. The responsible authority must decide whether the proposal will produce acceptable outcomes in terms of the decision guidelines of this clause*

*Before deciding on an application or approval of a plan, the responsible authority must consider, as appropriate:*

- *The matters set out in section 60 of the Act.*
- *The Municipal Planning Strategy and the Planning Policy Framework.*
- *The orderly planning of the area.*
- *The effect on the amenity of the area.*

Section 60(1A) of the Planning and Environment Act 1987 states:

*Before deciding on an application, the responsible authority, if the circumstances appear to so require, may consider—*

*(j) any other relevant matter.*

While we acknowledge that the proposal endeavours to “tick the boxes” and meet numerical standards, we submit that the proposal does not appropriately respond to the Planning Policy Framework of the Melbourne Planning Scheme. Furthermore, the proposal will unreasonably impact the amenity of the area and have a detrimental impact on the orderly planning of the area.

Thus the application should be refused.

Kind regards,

Jeff Neville and Hannah Castles

Christopher Storey &  
Rosemary Green  
9 St Andrews Street  
North Melbourne, 3051

4 September 2018

Future Melbourne Committee (Planning portfolio)  
City of Melbourne  
GPO Box 1603  
Melbourne, Victoria 3001

Dear Sir / Madam

**OBJECTION TO:  
PLANNING PERMIT APPLICATION: TP-2016-1054,  
6-10 Gardiner Street, North Melbourne VIC 3051**

We object to the proposed development of the above site for the following reasons:

**1. Height, scale and building massing**

The proposed development does not respect the existing neighbourhood character—it is simply too much development for the narrow streets that surround the site. Within St Andrews, Gardiner and Warwick Streets no residential building exceeds three-storeys and in most cases the top storey is set well back from the street boundary.

All the streets surrounding this development are about 6M wide (property boundary to property boundary) the proposed development is inappropriately scaled to suit such narrow streets and will easily dwarf all other buildings, exacerbating overshadowing, overlooking and all other issues.

Nearly all our objections stem from this issue of mass and scale. An easy solution would be to reduce the height of the proposed to 3.5 storeys with good set-backs.

The only recent four storey developments are on Victoria and Howard Streets, where the 14M height is entirely appropriate, as these streets are typically 30M wide — thus their mass and height can be easily absorbed by the scale of the street, causing little loss of amenity.

If St Andrews, Gardiner and Warwick Streets were of similar generous widths to Howard Street I doubt there would be many objections to the proposed.

**2. Overshadowing**

Many residences in Gardiner Street, the southern end of St Andrews and Warwick Streets will be adversely affected by overshadowing.

The surrounding streets are very narrow and will, I believe, cause loss of much sunlight in winter months if the proposed development goes ahead. Most existing residences

have limited opportunities for glazing and skylights to allow natural light inside their homes. If this development proceeds at its current scale light will be further reduced.

### **3. Overlooking**

The massive height difference between the proposed and the existing residence means overlooking or the sense that one is being overlooked will be impossible to avoid.

### **4. Loss of parking in St Andrews Street**

The proposed development unfairly assumes the loss of on-street parking for the *current* residents of St Andrews Street. For parking to work at the proposed development we will be forced to give up an amenity we have enjoyed since moving here over 25 years ago. A design using the existing building ingress/egress on Gardiner St could have avoided this.

### **5. Internal layout**

The proposed units have very small and mean internal spaces and seem designed to maximise the number of bedrooms. We cannot quite see the appeal to potential buyers. These units will not appeal to families with children or to the elderly (lifts?). In my opinion the proposed units will only appeal to investors who will rent these out to group/share housing. At least some of these units should be re-designed to appeal to owner occupiers and mixed ages. I believe the council should be encouraging a mix of housing types suitable for families and people at different stages of their lives.

### **6. Future development**

If the proposed development is approved, at its current height, can the council assure us that the existing St Andrews, Gardiner and Warwick Street residents will be free to redevelop their properties to the full height of 14 metres – and that any objections to overshadowing, loss of privacy and noise by The Gardiner Street Collective owners be overruled. When the surrounding street are as narrow as St Andrew Street, this is a certain recipe for conflict as even more residents will lose sunlight and experience a loss of privacy.

Yours sincerely

**Christopher Storey**  
**Rosemary Green**

Date of meeting: \* Tuesday 4 September 2018

Agenda item title: \* Spencer Street, Docklands

Please write your submission in the space provided below and submit by no later than 10am on the day of the scheduled meeting. We encourage you to make your submission as early as possible.

I would like the opportunity to verbally present to the committee why they should seriously consider the offer made by the developer of 20 apartments for key worker at 50% below market rental (as determined under a similar process to NRAS) as a form of offset for the additional incremental shadow which is cast in the middle of the river on the 22nd of June. Unlike NRAS, which was for only for 10 years, this below market rent will be locked in for the economic life of the building.

I believe this will be game changer for the private sector in terms of their acceptance to include affordable housing in future developments.

Once the negotiation with council on the affordable housing contribution is complete, the process described in the attached flow chart (PRADS – Permanent Rental Affordability Development Solution) will enable the private sector include affordable housing, let and manage the property and have a governance structure which is monitored by a NFP Housing provider (as currently exists under NRAS).

In addition, this process recommends the introduction of an affordable housing register where all dwellings committed to provide below market rental are recorded.

Ideally this affordable housing register should be centralised at the State level and audited annually adding a another level of monitoring. Failure of an owner or a property manager to comply with the section 173 should result in punitive financial penalties.

The PRADS model described in the attached flow chart is one that can be adopted nationally.

I too have a strongly held view on the principle of no overshadowing of the river corridor. However, our cities critically need affordable housing and this unique situation provides an opportunity to start that process through the introduction of the PRADS model which is led by the private sector. Should the Committee support this proposition, I believe this will be the tipping point from which the market will drive the provision of affordable housing.

**To:** Sally Capp - Lord Mayor of Melbourne

**Subject:** An Experienced Event Producers View about Fed Square

Dear Lord Mayor,

I write as one of Melbourne's more experienced event producers. And one who's helped deliver about a hundred events at Fed Square - from the very first public open day through to some of the largest ever staged at Fed Square. I have a very practical understanding of how Fed Square works as a major public event space.

I have looked through all the updated design documents for the Fed Square Apple store.

My considered opinion remains that the Apple store would fundamentally change how Fed Square would work, and it would inhibit its ability to continue to function as Melbourne's most important public event space.

The purpose of the Apple store design is to dominate the space and to visually be a part of all events and activities within Fed Square - as the design documentation clearly shows. This will impact all events in Fed Square, and it will change the relationship of the public with Fed Square - as it will no longer feel like it is their space.

I have nothing against Apple. I own about 30 Macs and my business has relied very heavily on Apple products for nearly three decades.

I have no issue with large businesses - as this is where all my work comes from nowadays.

My concerns are purely about Fed Square and its very important role as Melbourne's main public gathering space.

As an event producer, I remember what Melbourne was like before we did have a public gathering space that worked, that people enjoyed gathering in, that people naturally did gather in. And hence I saw first hand the huge difference Fed Square made once it

opened.

Fed Square has given Melbourne a place for everyone to celebrate, to dance, to learn, to mourn, to protest, to remember, to be joined together as a community - often with people you've never met. A place that Melbourne just never had before.

Fed Square is fundamentally about people. It is the millions of people who have participated in events and activities at Fed Square who have made Fed Square what it is. If we lose the connection between public and Fed Square, then Fed Square loses its purpose and will no longer work.

I have no doubt that the Apple store would fundamentally change Fed Square, and we would lose one of our city's most precious assets.

### **Fed Square Masterplan**

I'm also deeply concerned around the process.

There is absolutely no question that Fed Square needs to continue to change and evolve. But the changes should all be part of a well thought out long term plan for the broader Fed Square precinct that has involved the community. The plan needs to resolve River Terrace and linking Fed Square down to the Yarra, extending Fed Square to Exhibition Street, and properly linking it with Birrarung Marr and the Sports Precinct.

But the plan also needs to resolve a proper financial model and funding to allow Fed Square to continue role at the heart of our city.

Such as masterplan is essential before there are any more major changes to Fed Square and its buildings. The masterplan needs to involve the public who are both the owners of Fed Square and what makes Fed Square what it really is.

Masterplans do exist for the sports precinct and the conventions precinct. Fed Square is just as important. As a place of largely free activity, it could easily be argued that it is actually more important.

The City of Melbourne can and should be playing a key role in driving this conversation.

Hence I would ask you to knock back the revised Apple store design.

I would be very happy to discuss this important issue in more detail.

With kind regards,

Simon

**Re: Agenda Item 6.3—Ministerial Planning Referral: ID-2018-2—Federation Square, 2-20  
Swanston Street, Melbourne (Submission of design refinement plans, Global Flagship Apple  
Store)**

Dear Councillors,

The National Trust of Australia (Victoria) is pleased to write in support of the recommendations outlined at Agenda Item 6.3 relating to the Ministerial Planning Referral for the Global Flagship Apple Store at Federation Square.

This submission by the National Trust responds to the key issues outlined in the report to the Committee, noting that the recommendations relate to the revised design provided to Council for comment, and not the Minister's decision to allow demolition of The Yarra building and development of a new Global Flagship Apple Store at Federation Square.

In July 2018, the National Trust of Australia (Victoria) nominated Federation Square to the Victorian Heritage Register following 12 months of consultation with heritage and architectural experts who collaboratively determined that the heritage values of Federation Square are worth protecting. It is our position that any change at Federation Square should respect its architectural and cultural significance.

This view is broadly consistent with the following Principles to Guide the Design Refinement Stage as agreed by the Steering Committee on 7 February 2018, outlined on pages 4–5 of the delegate report:

*Contextual design response*

- *The architectural design concept should be further developed to respond to and acknowledge:*
  - *the scale, diversity and form of the Hoddle Grid and its relationship with the contrasting, more organic and less structured Fed Square network patterns and buildings;*
  - *the landscaped river corridor;*
  - *the existing buildings in Fed Square;*
  - *the emerging concept design for the Town Hall metro station (to be located on the north-west corner of Fed Square), and*

- *The new building should be considered in terms of its contribution as a design legacy for Fed Square and central Melbourne: not as a generic response, nor as a stand-alone building but as part of an assembly of campus buildings.*

*Design cues from Fed Square*

*The architectural design concept should be further developed to respond to and acknowledge design cues embedded in the existing place:*

- *The form of the new building should interpret the architectural intent in the built form 'type' in Fed Square: buildings celebrate geometry, they have layered and varied facades, parapet roofs, indented screened balconies –so that the building is identifiable as being both of its place and a contemporary addition to the campus of buildings within the square.*

Based on the plans provided, we are concerned that the refined design falls far short of meeting these design principles. In particular, we have significant concerns about the spatial and aesthetic relationship between the proposed building and the existing campus of buildings. These concerns are reflected in the detailed assessment provided in the Delegate Report at pages 15–24, and we strongly support the recommendation that Council seek further design refinements to ensure that the plans align with the agreed design principles.

We are pleased to see strong support in the Delegate Report for the urgent preparation of an overarching masterplan to inform future works (page 15), a document which the National Trust has also been calling for. We call on Council to continue to advocate to Fed Square Pty Ltd and the state government for the development of a masterplan which is subject to a process of meaningful public consultation.

We also call on Council to recommit to advocating for a process of public consultation to be undertaken as part of any further design refinement, a position adopted by the Future Melbourne Committee at its 8 February 2018 meeting, recognising the cultural significance that Federation Square has for Melbourne and for Victoria.

Yours faithfully,

Simon Ambrose  
Chief Executive Officer

**04 September 2018**

Lord Mayor Sally Capp  
City of Melbourne  
240 Little Collins Street  
MELBOURNE VIC 3000

CC: Future Melbourne Committee

Dear Lord Mayor Capp and Councillors,

**RE: Future Melbourne Committee, Tuesday 4 September 2018  
Agenda Item 6.3. - Written Submission and Request to Speak**

We are a voluntary association coordinating the Our City, Our Square campaign on behalf of all Victorians who have publicly expressed opposition to the Andrews Government's decision to replace Federation Square's Yarra building with an Apple store.

We would like to speak at the Future Melbourne Committee meeting on Tuesday, 4 September 2018 in support of the recommendations of the Delegate Report tabled in relation to Agenda Item 6.3. regarding the design refinement plans for the proposed Global Flagship Apple Store at Federation Square. Please find our comments on these plans attached (Appendix A).

We also request that the City of Melbourne goes one step further. Although the tabled report identifies many significant urban design issues, the fundamental issue relating to the complete lack of public consultation on the Apple store must now be addressed.

The design refinement plans demonstrate either no understanding or a wilful ignorance of the immediate context. The plans evidence little regard for the architecture, heritage and history of the square and show no valuing of its social and cultural qualities. The plans demonstrate extremely limited engagement with the unique social, cultural and architectural aspects of Melbourne that Fed Square showcases.

Regarding the Council Resolution on 6 February 2018 as noted on page 3 of the Delegate Report, the design refinement plans do not "avoid 'pavilion' or 'temple-like' design that is out of context in Federation Square and poorly integrated with the square's existing architecture" or "better contain the public square". Nor have they undergone a "public consultation process."

In fact, these plans show "no commitment as outlined in paragraph 1.3" of the Committee's resolution of 6 February 2018. The Council made this Resolution in response to the 850 submissions received from the general public. We include these submissions as an appendix (Appendix B) to this letter—they are as relevant today as they were six months ago.

Citizens for Melbourne urges the Committee to re-commit to its 6 February 2018 resolution and: "Require Cabinet to facilitate a new process, inclusive of public consultation, for the approval of the location and design of an Apple Global Flagship Store within the central city."

This is — Our City, Our Square,

**Tania Davidge**  
President, Citizens for Melbourne Inc.

04 September 2018

Future Melbourne Committee, Tuesday 4 September 2018

Agenda Item 6.3.

## Appendix A

**Citizens for Melbourne: Additional comments on Agenda the design refinement plans for the proposed Global Flagship Apple Store at Federation Square.**

### Regarding the Delegate report

We would add:

- Given the importance of this project there are very few renders (pp 64-66 – 3 renders) that show what the project will look like in the context of the existing built fabric of Federation Square in terms of massing, materiality and architectural language. There are no renders of the project at night, none that show the extent of branding, signage and relationship of the interior to the exterior and none from within the Square itself.
- The proposed signage is not well represented and the external impact of the internal video display screen is difficult to determine from the documentation. The sliding solar screens aren't solid, and at many times will be open, this means the in-store commercial promotional aspects will be visible from inside and outside of the public square—the way this works is not communicated sufficiently in the documentation.
- The landscaping elements identified positively in the report are mostly achievable without the demolition of the Yarra Building.
- Consideration of ventilation of the thermal labyrinth that sits below the Square is not evidenced in the drawings.

3182 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is „Ï Our City, Our Square.

Yours sincerely,  
Andrew Garton

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I've been a Melbourne resident all my life.

I remember how long it took Melbourne to find a place that it's people could gather as a community. I love fed square and am dismayed that the state government has seen fit to bypass community involvement in such an important gathering place for my community. I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Ã Our City, Our Square.

It is no more appropriate than if JB HIFI was given a building in federation square - or Cotton On. The air of prestige that Apple has around it does not change what it fundamentally is. The square should be a place that focuses on activities with cultural value, places to meet, to congregate, to view art, and performance, - not to buy electronics, no matter how fancy their shop is.

A terrible call to place to put an Apple shop. From a long time loyal Apple fan-boy.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore.

As an architect, I find it astonishing that we would propose to demolish a relatively new building, part of a culturally iconic and award winning public space. It seems incredibly wasteful, out of step with public expectations, and shows a lack of future vision in preserving important civic spaces and our future heritage. If Apple cannot work with Yarra building, they should look for alternative opportunities.

Re: Future Melbourne Committee.  
06/02/18.  
Agenda item 7.2. Apple Store Fed Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Äî Our City, Our Square.

Yours sincerely,

Mark Hunter

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Ã Our City, Our Square & built and paid for with OUR tax money.

Yours sincerely,  
Anthony Ungless

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Ã Our City, Our Square.

Yours sincerely,  
Ajith Thamarakshan

06/02/18.  
Agenda item  
7.2. Apple  
Store Fed  
3141 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I fully support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

Federation Square should remain as a free public area, without commercial intrusion from enterprises such as Apple. If Apple wish to have a presence in the Melbourne CBD, they should purchase or lease an existing commercial site, rather than take over a highly popular public space.

I would ask that the City of Melbourne adopt the position that the Yarra building should never become the place for an Apple megastore, or any other such commercial enterprise.

Federation Square belongs to the people of Melbourne, not to Apple!

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Apple Store Fed Square

The idea to have an Apple store at Fed Sq which opens up views to the river and allows more public space is a GREAT idea. The square is suffering from shops closing and restaurants which are non descript, too expensive, almost empty and won't stay open much longer. Apple will bring vibrancy and a lot of people to the square and objectors should but out.

WELL done Daniel Andrews and the state government in securing such an exciting venture  
Apple will join BMW in having named facilities at Fed Sq

Yours sincerely,  
Charmian Gaud

Agenda item  
7.2. Apple  
Store Fed  
3429 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Äi Our City, Our Square.

Apple does not belong in Fed Square!

Yours sincerely,

3006 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

Federation Square should be a place to celebrate Melbourne, to celebrate the culture of our city and acknowledge our history. Through such spaces as ACMI, the Koorie Heritage Trust, and Deakin Edge, it lives and breathes this goal. Putting Apple's store in the middle of the Square is a terrible decision that is a clear step backwards in terms of community space and celebration.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would please ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Ã Our City, Our Square.

Yours sincerely,

Committee.  
06/02/18.  
Agenda item  
7.2. Apple  
Store Fed  
3028 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

Federation Square was never intended to be a shopping precinct. That is why it is predominantly an arts and meeting place including galleries, performance spaces, ACMI, cafes, restaurants and bars. Thus, I strongly support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore.

The proposed Apple store design, with its incongruous and fake Chinese temple look, complete with a tacky gold roof is out of keeping with the square and its renowned architecture. It is clearly a marketing concept, rather than a worthy addition to the civic space of Melbourne. If built, it would become a laughing stock right in the cultural heart of the city.

Indeed, I would ask that the City of Melbourne show leadership and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is „Ï Our City, Our Square.

Yours Sincerely,

Re: Future  
Melbourne  
Committee.  
06/02/18.  
Agenda item  
7.2. Apple  
Store Fed  
3191 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Äî Our City, Our Square.

Yours sincerely,

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I am an architect, and a [REDACTED]. I deeply wish that, like you, I too had the chance to vote against this inappropriate and unprincipled intrusion of a purely commercial and entirely extraneous 'billboard' retail store into our city's most important public space.

Federation Square belongs to all of us, as Melburnians: it has been paid for by the public purse, and has been designed specifically to accommodate us in its urban and architectural design -- which by some miracle of coordinated design and good fortune has done so with resounding success. Its magic should not be messed with.

Even if alterations are deemed necessary, any alterations must, first, clearly, be designed as part of the coordinated urban form and architectural suite of the whole design -- which they so blatantly and intentionally are not. And, on fundamental principle, any design alteration MUST be overseen by architects contracted to the people of Melbourne, not the Apple Corporation. No matter what the public reputation of Sir Norman Foster may be, his loyalty will inescapably be to his private masters, not us.

The integrity of Federation Square must be protected -- ethically as much as aesthetically.

The issue goes well beyond the Square itself. The principles under which changes are made to any of Melbourne's important architectural or urban design elements are at stake.

The manner in which public interest is conceived and maintained will be placed in severe jeopardy by this badly thought through decision. Please -- or the sake of Fed Square, for the sake of architecture and urban design in this city, and for the sake of the public interest in this state -- do all you are able and entrusted to do to overturn this terrible error of judgement.

I support the City of Melbourne taking a stand against the State Government's decision to replace Federation Square's Yarra building with an Apple

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

Federation Square is the best public space I have seen in the world (and I have traveled a lot). It's a community space that works. People come together to learn, share, speak up, have fun and, most importantly, talk to each other. It's the binding cover of the city. Melbourne cannot afford to lose that.

This is „Ä Our City, Our Square.

3047 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

For many decades, Federation square has been an original Australian icon that can only be associated with the City of Melbourne. From a Melbournian's perspective, Federation Square symbolises gathering and unity of people irrespective of their race, age or gender, take for example, the annual Christmas Eve carols. Trading off a unique Australian symbol for the expansion and profit of an American based company is disgusting and un-Australian thing to do. Sure, Federation Square is outdated however, there is history and meaning behind it. Future generations should be able to visit this iconic landmark, untainted.

7.2. Apple  
Store Fed  
4169 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I strongly support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is „Ä Our City, Our Square.

Yours sincerely,

3163 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

First off, why pander to a company that makes billions of \$\$\$ on the backs of Australians and then pays no tax. this in itself should be a reason to stop them and make it known that it was part of the thinking to not allow this.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne fighting the decision to demolish the Yarra Building in Federation Square.

Fed Square is not a retail space and never should be.

Get the Andrews Government to consider a redevelopment of the other side of Flinders Street station. This could be a great addition to the city.

Yours sincerely,

Jane Goode

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

APPLE STORE SHOULD LOCATE IN A COMMERCIAL PRECINCT NOT OUR CITY,Äôs MAIN GATHERING SQUARE. Please no Apple or other retail mega chain store in Fed square. Keep our Public Open Spaces, Public and Open with profit making commerce focussed only on individual unique to Melbourne food outlets/venues. There are plenty of commercial spaces in and. Around the CBD for international commerce. Fed square is for large numbers of people to gather watching the big screen or a free performance, eating and drinking. It,Äôs not a place to buy a new phone or tablet.

If the StateGovt wants a new building in Fed square then maybe ok but not for the purpose of selling computer equipment through a company that probably doesn,Äôt even contribute a fair share of tax to our state.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

I'm disgusted at the lack of consultation and design of the Apple building. The peppercorn rent is not right.

This is a place for the people of Melbourne, not a greedy non-tax paying overseas company.

Please leave it the way it is, and continue the harmony of the buildings, not a Chinese pagoda, looking out of place with the Kimberly stone.

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Äî Our City, Our Square.

Re: Future  
Melbourne  
Committee.  
06/02/18.  
Agenda item  
7.2. Apple  
Store Fed  
3665 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

Federation square began under controversy but it blossomed into a meeting place, a cultural place and a place for people. Apple is welcome to Melbourne but not in this place. Don't give our public places over to a corporation that can afford to be anywhere. Don't influence our people to see a brand, be inspired by a brand. That's not what Melbourne stands for.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Äî Our City, Our Square.

Yours sincerely,

I am a Labour voter and to say you got this wrong is an understatement.

What you thought by allowing a Company that is a clear Tax avoider the opportunity to be in the heart of the city would get you votes amounts the youth you are clearly mistaken.

It certainly isn't the federation square building that makes Federation square a place for the people back the people themselves.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

By allowing Apple to intrude on Fed square the Labour state Government have become the Lemons.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I am joining the call against the Apple Store in the city; I never sign these things, I love Apple products (and have far too many!) but I feel compelled to join my voice to clamouring crowd.

I have grown to really love Fed Square. I take my family there several times a month, I bring international guests and colleagues there, I love the space, the ambiance, the lack of commercial focus, the gatherings, the music, ACMI, the galleries.... It has become the true heart of Melbourne. It reflects who we are. I am proud of it.

It's classy. It's iconic. It's ours.

Please do not allow the Apple store to be built here, in any shape or form. It will change the focus and the sense of the Square. Apple draws crowds and shoppers, no question, and I'd love to see a world class store in Melbourne. But please, please, please not in Fed Square.

As such, I strongly support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I also ask that the City of Melbourne adopt the position that the Yarra building should never become the place for an Apple megastore.

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

T.1 Kundalini /Medical marijuana /Blood donation /Good & evil

Each one of us has a propensity towards knowing more of our greater reality: some intellectual, some very much of the heart, some not interested at all. All of that is valid, because in the greater Beingness, we always know exactly who we are, in all our simultaneous lifetimes./

Kundalini energy is simply a name for the magnetic energy which „fires,“ our bodies, keeps them alive. Our frequency. The idea of raising the kundalini, of exciting this energy, is about experiencing oneness. It can be an interesting practice to experience. However, usually we experience oneness without trying./

Medical Cannabis? These herbs are created to assist us, so it is very valid to utilise what is presented to us in terms of natural support./

Donating blood to help others./

„Good,“ & „Evil,“ = Love or absence of love.

T.2. Toxic Gov,“ts & Gifts

How we may respond to injustice. The passion to assist others.

Rather than ask „what is the lesson in this for me?“ where the word „lesson,“ implies punishment, ask instead, „What is the gift in this for me? What am I learning about myself?“ The gift is knowing more about who we are. What we as individuals can do for our world is to be All we can Be, in our day-to-days. When we regard another human, we are looking in the eyes of source. Love & respect for all nature. When we all do this, „our world will change very quickly./

This is ,Ã Our City, Our Square.

I personally. Do not support the space being made available to an International mega Company which is a noted tax avoided having a public space to flaunt their commercial enterprise and further their market dominance and concentration.

Another facility could achiev3 the results without compromising the public intergrity of the space. Perhaps it could be used to link into the Arts/Gallery precinct from CBD to NGV.

Why not Australia,Ãs first public Performing Arts exhibition space adequately staffed and resourced to mount continuous rolling exhibitions of our live performance history. Exhibitions could look at older Arts Spaces and productions such as Worth,Ãs Circus site and Australian circus; a history of vaudeville including Mo, Roy Rene: Melbourne as the birthplace of the 1970s resurgence in Australian playwriting for APG/Pram Factory etc the genesis of the Comedy circuit and Festivals; J.C.Willamson, Garnet Carroll and a music theatre entrepreneurs as forefathers if the East End theatre district;Australian Ballet as development site for costume, set and lighting designs; outdoor theatre spaces including Sydney Myer Music Bowl; The Pop Music Industry of the 60s.

Melbourne,Ãs history in these fields are not featured enough just through displays at the Art Centre.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

The removal of the Gas and Fuel Building and replacing it with the wonderful public space it has become, created a focal point for the people of Melbourne to gather in that had just not existed before .

Obviously, Apple recognises this and wants to capitalise on that. It is supposed to be the State Governments role to protect us from such avaricious opportunism. Since when did it become necessary for a public space to make a profit? More to the point, a profit for an overseas juggernaut that makes a point of not contributing to the local community at all by way of taxes.

I am outraged that the architectural integrity of Federation Square has been so nonchalantly dismissed and demeaned as unimportant. No where else in the world does this haphazard disregard and blatant pandering to corporate greed occur but in Melbourne as time and again, politicians of the day lack the fortitude and the foresight to stand up against it - it is at such a time that I wish for the resurrection of Norm Gallagher and the BLF; who else is there to stand firm?

I am not wholly convinced that the Melbourne City Council will stand as firmly if the going gets tough, considering you have done exactly the same thing to the Victoria Market but, I greatly appreciate that you are taking this on and giving the people of Melbourne a voice.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Ã Our City, Our Square.

Yours sincerely,

Whittaker

I would also add that the civic square is part of Melbourne,Ïs public space. It was created with consultation and should not be taken away without consultation and without planning approval. It is cultural vandalism. The decision disrespects the people of Melbourne and goes beyond the reach that a temporary state government should have. City of Melbourne councillors protect MELBOURNE please.

Re: Future  
Melbourne  
Committee.  
06/02/18.  
Agenda item  
7.2. Apple  
Store Fed  
3056 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I have not been able to find the details item 7.2 but I understand it concerns the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore, which I fully support.

We have a Square whose design is on a par with the world's best; to drop a Bauhaus come temple into the middle of it is the height of philistinism.

To have taxpayers' money frittered so wantonly and then to have a hankchief of America dropped into the middle of it in an insult to every Australian enterprise, let alone to the Koori group presently inhabiting it.

It is not beholden to public spaces to make money: they are for our enjoyment and the furtherance of our culture, not a diminution of it. The Andrews Govt. had to pay, ie wasted, millions in reparation by dropping the freeway extension so I believe they should be made to live and suffer with that decision instead of it being bolstered by what is in effect, a means to make up that loss and, in their view quite probably, a concomitant benefit to their image.

Respectfully I would ask that the City of Melbourne adopt the position that the Yarra building should never become the place for an Apple megastore, that the square's design will not be allowed to be sullied, and that the Victorian people's original input be respected.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Ã Our City, Our Square.

Yours sincerely,  
Laurence Hutchins

Re: Future  
Melbourne  
Committee.  
06/02/18.  
Agenda item  
7.2. Apple  
Store Fed  
3058 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

Fed Square is a public space which received \$50m of taxpayers money from the Federal Government along with State funding for construction While it is managed by a private company, it is owned by the people.

Allowing Apple to convert this very successful gathering space to a forecourt for a large shop, and thereby changing the identity to a retail precinct would be a wonderful victory for this large and powerful corporation and their high-handed architect Lord Norman Foster. But the people of Melbourne would lose their favourite public space in the process of being „done over,“ And for what gain? A few dollars from Apple,“s petty cash tin. This is a company which avoids paying hundreds of millions of tax dollars each year in Australia!

Importantly the unique aesthetic image and identity of the architecture would be greatly compromised if Apple were allowed to stamp the brand of their architectural aesthetic on the square. And make no mistake, this branding is highly important to Apple which is why they engaged the same architect as they have used elsewhere.

I am also shocked that the Victorian government doesn,“t seem to have a problem with demolishing a perfectly good fifteen year old building! Each tonne of concrete generates significant greenhouse gas and we need to avoid this kind of unnecessary waste.

Aren,“t you appalled that your Council was not included in this process????

Please vote accordingly on Agenda Item 7.2.

Re: Future  
Melbourne  
Committee.  
06/02/18.  
Agenda item  
7.2. Apple  
Store Fed  
3124 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is „Ï Our City, Our Square.

Yours sincerely,

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

The City of Melbourne must oppose the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. I don't want to see multi-national businesses take a place on public land.

I would like the City of Melbourne to support the notion that the Yarra building should never become the place for an Apple megastore, or any major retailer. Museums and small, Australian-owned businesses, such as cafes, are entirely acceptable but I do not ever want to see megastores like Apple on that site

This is a public Square - large businesses can locate themselves across the river at Southbank!.

Re: Future  
Melbourne  
Committee.  
06/02/18.  
Agenda item  
7.2. Apple  
Store Fed  
3056 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is „Äî Our City, Our Square.

Re: Future  
Melbourne  
Committee.  
06/02/18.  
Agenda item  
7.2. Apple  
Store Fed  
3956 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

Federation square is a civic and public space, enjoyed for entertainment, arts and related activities. Any enterprises should support these functions and an international commercial shop selling computers has no place in a public square, particularly a business which deigns to pay its fair share of tax in this country.

I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

I am Tomas, an Urban Designer by profession that believes the Federation Square with it's buildings around it are the best thing Melbourne has to offer. Cultural buildings are very easy to destroy in this modern and fast moving era because they don't directly bring in money, however indirectly they are the cornerstone of society.

I support the City of Melbourne trying to stop the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. How can government make such a mistake? I would ask that the City of Melbourne to list the Yarra building as a protected area in cultural land use and heritage development so something as shameful as this will not happen in the future.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Ã Our City, Our Square.

Yours sincerely,

Committee.  
06/02/18.  
Agenda item  
7.2. Apple  
Store Fed  
3040 Square

Dear Future Melbourne Committee,

I think that the Apple store at Doncaster Shoppingtown works perfectly well and could be replicated anywhere in the Melbourne CBD. Apple does not need to be in a high profile position dominating Federation Square. Retailers are meant to be in retail tenancies not the people's square.

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

7.2. Apple

Store Fed

3124 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I strongly support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

Federation Square is once cohesive set of buildings around our beloved square - it is complete craziness to think that you can just knock down one of the set of buildings and replace it something else which is entirely different and not part of the original composition. It is unbelievable to me that this proposal has even been considered - it is outrageous on so many levels.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Ã Our City, Our Square.

I am a regular user of Federation Square, attending many and varied festivals, community events, arts events, concerts, comedy gigs, film screenings and sports events there.

I visit the markets, galleries and ACMI and use the eateries and bars, meeting friends there or alone. I am always comfortable to spend time there on my own, grabbing a deckchair and relaxing with whatever is going on. It feels like a place where everyone is welcome just to be. A central hub and space like that is now a rare and precious thing in our city.

If I don't have the good fortune to be in the MCG to watch the AFL Grand Final, I will watch it there with friends, or the rest of the crowd. Last year in the front row with friends from interstate!

When the Koori Heritage Trust was relocated to the Yarra Building I was overjoyed. Finally it was somewhere central, where everyone could easily access it for visits, exhibitions and events, locals, interstate and overseas visitors alike. Something we should all be proud of.

The Tanderum events held in Federation Square on opening nights of the Melbourne Festival are extra-ordinary, spine tingling events that bring people together in a unique way, in a space that is for the community. There is absolutely no room for a corporate megastore of any type in that sort of space.

This should not be a commercial zone, it should continue to be a unique, iconic Melbourne space for the people and visitors to use and enjoy.

Please do everything possible to protect that!

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

I am myself an Apple fanboy but this is a terrible idea. The architectural collection of Fed Square should not be broken up - it works as a whole, with the ,Äöupper square,Äö comparatively enclosed & protected compared to the more loosely open ,Äölower square,Äö. There is plenty of space between the Yarra Building and the Taxi/Pub building to form the connection to the river - we don,Äôt need more semi-public space for Apple use, display & queueing.

The design continuity of the ensemble of buildings is an essential component of Fed Square, with its 3 main facade types (plus Atrium). If you remember the architects,Äö fury at the then State Government,Äös design interference when changing the Eastern Shard it puts Donald Bates,Äö current acquiescence in doubt. If the comparatively closed and commercially questionable Yarra Building needs ,Äöopening up,Äö for better use, get Lab to do it within the framework of the whole ensemble.

Overall, the square exists as a metaphor of the whole city: mixed public & cultural building supported by smaller ancillary commercial premises. An Apple Store will upset this balance; there seems no reason why Apple cannot use an opportunity in the shopping parts of the CBD - many areas of which hold huge potential for them and would benefit from their presence. The secret deal with the State Government confirms that we,Äöre living in a state captured by corporate interests to the detriment of ordinary citizens.

In summary, I would ask that the City of Melbourne adopt the position that the Yarra Building should never become the place for an Apple megastore.

This is ,Äî Our City, Our Square.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Ã Our City, Our Square.

Yours sincerely,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

I believe this could set a precedent for state and federal government overriding any public interest for their own benefit (impetuous action looking for quick dollars for state coffers). I am shocked and dumbfounded how this has proceeded without prior public approval.

This is „Ï Our City, Our Square.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

Well done to the Council for opposing this unbelievable decision to demolish a significant piece of the fabric of inner-city Melbourne and our recent heritage. The Yarra Building forms an important part of Melbourne's only real public space, and demolishing it for a tacky, generic retail store design must be stopped. I commend the Council for holding the Andrews Government to account.

The demolition disrupts the fabric of the square, when the current building could be creatively reworked within its existing structure for a new use. Ceding such central space to a land use like this clearly violates the Fed Square charter, and I ask Council to oppose the project outright.

This is „Ï Our City, Our Square.

Dear Future Melbourne Committee

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the State Government's decision to replace Federation Square's Yarra building with an Apple megastore.

FedSq is a piazza for the people not another shopping mall.

How can the State Government ever have brokered such a deal with Apple without the consent of the City of Melbourne?

With the store displacing the Koori Heritage Centre, I'm surprised there's not greater outrage (considering how much angst Jan 26 caused).

Thus, I ask the City of Melbourne to adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Äi Our City, Our Square. It would be a shame to see more public space given over to such a private enterprise & one that has no compunctions about NOT PAYING TAX IN AUSTRALIA. May as well offer up our first born too!

Sincerely

Brenda Hubber Brenda Hubber

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

Many of the arguments against the Apple Store on Federation Square concentrate on whether the architectural style is appropriate or not. It's not, but that is only one of the reasons why this project should not go ahead.

The Apple Store is clearly an attempt by a multinational corporation to seize a public space that belongs to everyone in order to promote its own brand. In building this structure, Apple would create what would in effect be a giant piece of corporate propaganda in architectural form. At the same time Melbourne would lose public space - worse, the civic space of Federation Square would be diminished, compromised and sullied by the looming presence of this piece of concrete advertising. Once last, these public amenities are rarely regained.

The Apple Store is NOT comparable to the other commercial premises that currently stand in and around Federation Square. These other businesses all fulfil worthwhile civic purposes, functioning as places for people to meet, socialise and enjoy the Square. The Apple Store is above all on thing: at attempt to privatise a public space that belongs to the people.

It gets worse: this deal is clearly so inimical to the public interest that the government has kept it secret, announcing it only when it thought it was a fait accompli. The government allowed itself to be gagged as part of a duplicitous process that prevents citizens from knowing what is going on. That Apple can prevent a democratically elected government from communicating with the citizenry is both outrageous and dangerous. On these grounds alone, the project should be stopped.

Citizens didn't ask for this. If we had been asked, we would have rejected it. For that reason too, it must be stopped.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

3167 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I am a Brisbane architect, but I spend a lot of time in Melbourne and plenty of that time hanging around Fed Square, either having a brew or watching a film.

I've used Apple products since I was a kid (early adopter and huge fan) but the last thing I want when I'm relaxing and feeling free is the Apple Corporation reminding me of work or the desire to 'buy stuff.'

I am also a huge fan of Norman Foster, but it seems they have put the student architect in the office onto this one (Big name firms - you buy the name but don't get the A team, because the company focuses the better staff closer to home where they are more accountable. They experiment with Australia, making all these mistakes where they're less visible.

A skilled Melbourne Architect would do a much better job (seriously, even I could do a better job from up here!!). The design is inappropriate, overly simplistic and just plain ugly! Why not build off what is there rather than tearing down and starting again in an incongruent 'star-chitect self-serving' style. Obviously Foster & Partners are going with an alternative style to show that this is new and that is old, but there are much more subtle ways to achieve that.

It seems, to me, the existing building can easily and cleverly be altered to improve the perceived connection to the river. This approach would mean long term visitors to Fed Square can read and understand the changes, instead of white-washing back to zero, ignoring the sites short but poignant built history. [How about just opening the ground plane below the Lab Architecture building - you walk below the curtain-like screen and see void above you to give you the open feel, then cut part of the building away on the river side so there is more light reaching the new void inside, which would increase the transparency when seen from Fed Square, which is more inviting to visitors??].

Committee.  
06/02/18.  
Agenda item  
7.2. Apple  
Store Fed  
3162 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is „Ï Our City, Our Square.

Yours sincerely,

T Vernes

Agenda item  
7.2. Apple  
Store Fed  
3186 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

The proposed store design is not at all in keeping with the rest of the square as a coherent whole ,but an Apple store in fed square, wether in the existing building or not, is vastly out of step with what the public wants or needs for the space.

This is ,Ã Our City, Our Square.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

The Yarra building is an integral part of the design of the square. Replacing it with another building that is totally out of keeping with the rest of the space will destroy its ambience and vibe. I often cycle along the Yarra just to go to the square as it is a wonderful place to sit and have a coffee and people watch. I will not visit the square again if it becomes a commercial space for a retail store of a huge multi-national company, and I know many others who feel the same. Once the square is destroyed it is gone forever.

This is ,Ã Our City, Our Square.

Re: Future  
Melbourne  
Committee.  
06/02/18.  
Agenda item  
7.2. Apple  
Store Fed  
3113 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. In fact, I implore them to do this.

Given the strict guidelines in all of our inner city councils governing any residents' wishes to make changes to the landscape, which I might add, are there for very good reasons - to protect the heritage and amenity of our beautiful city - it is preposterous that any one body can be allowed to waive any of the requirements that apply to anyone else in Melbourne.

It also beggars belief that a government would give any company the right to completely bulldoze an existing building that is structurally sound, without having to consider the existing amenity and look for the space. In this instance, the existing building forms an integral part of the original Fed Square design, which despite its controversial nature has come to be an emblem of Melbourne.

In addition, I cannot find words strong enough to voice my objection that these privileges are being extended to a private company whose sole purpose is continued profit. This is a shop - nothing more, nothing less - and any pretence at it being anything else is disingenuous at the least. There are plenty of buildings for LEASE in the CBD that would serve Apple's purpose equally well. People will continue to buy Apple products, no matter where and in what kind of building they are housed. There is no need to intrude on the gathering place that Fed Square has become. We do not need queues of mobile phone buyers intruding on the multitude of events and festivals that bring Melburnians and their visitors together in this space. Like all other tenants, Apple should have to lease this space if they wish to use it, and they should be expected to respect its existing appearance and amenity as part of that lease.

In closing, I would ask that the City of Melbourne go one step further than simply challenging this ludicrous proposal and adopt the position that the Yarra building should never become the place for an Apple megastore. I would also ask that they seek to gain an assurance from the Andrews Government that if such a situation should arise again in the future, that proper planning laws and procedures will be followed. Australia is an egalitarian country in which the same laws should apply to everyone, so giving Apple such extreme privilege, such as the secrecy surrounding the deal, and removing any of the normal

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is „Ï Our City, Our Square.

Yours sincerely,

D'Arcy Molan

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I vehemently support the City of Melbourne taking a stand against the Andrews Government's outrageous and spatially, environmentally and ethically wrong decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

I furthermore state that the City of Melbourne and the Victorian Government ensure that the complete, entire built form of Federation Square as it was envisioned, designed and built will be retained in perpetuity, allowing and creating alliances with complementary businesses that provide for all people.

The Yarra building should never become the place for an Apple megastore, nor anything else of such commercial ilk.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

Daniel Andrews' decision to sell off such an iconic Melbourne building is an absolute disgrace. It is a kick in the guts to learn that our state's leader is so far out of touch with what it means to be from our capital city. To choose our unique square as the dumping ground to parachute in a generic mobile shop is beyond ridiculous. It makes me wonder what planet Daniel is actually from. With a decision so divorced from the reality of this world he must originate from a realm more far flung than Wangaratta.

But I digress.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

Re: Future  
Melbourne  
Committee.  
06/02/18.  
Agenda item  
7.2. Apple  
Store Fed  
3000 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

This group lacks the vision for progress.

Anyone can see from the outside that federation square is stagnating, and that there is not enough excitement to bring people there on a regular basis. The proposal to replace the Yarra building with an Apple flagship store is a serpurb one.

Apple is known for creating lively and immersive experiences. They don't just cater for the retail sector, they educate and make a journey for each and every person so walks through the doors.

As a millennial, and Greens member, I would be happy to stand up for this initiative because it's the right decision.

Well done.

This is 'Our City, Our Square (so go for it)

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's secretive and inappropriate arrangements with Apple Inc regarding the proposal to replace the Yarra building with an Apple megastore in Federation Square. I believe the design and planning process should be subject to the levels of transparency and accountability reasonably expected of such a significant project in the City of Melbourne.

An FOI request to the Department of Economic Development, Jobs, Transport and Resources has been submitted. I call on those Councillors who have seen the detailed proposal to hold the State Government to account and uphold democratic principles.

Yours sincerely,

Sarah Hobday-North

7.2. Apple

Store Fed

3141 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore.

THE APPLE BUILDING IN A GREAT IDEA which will enhance the square with millions of new visitors and counter the decline in use of Fed Sq recently. The collection of cafes and un-notable restaurants provide little income and do not draw people to the square. The Australian collection of the NGV and ACMI are the main components drawing people and groups to Fed Sq. On a few occasions there are events at BMW Edge and surrounding public use spaces. Even the Glass Shop opposite the NGV famed for Bill Clinton's sculptured glass purchase has closed its doors and the shop is shuttered. The main use of the square is when events are broadcast to the public in the large open space on the outside screens.

The Apple Building with its smaller footprint allows that public open space for viewing screens to be enhanced. To complain about the architecture is to resurrect an argument long lost in the world of architecture that when you build new you do not replicate existing architecture as that confuses the average person as to the true era of the building. The nature of the education, training and products that will be available in the Apple Building are truly creative and the tools used in many exhibits in the ACMI and the NGV close by. One of the most successful art exhibitions albeit not Australian and thus in the main NGV was the David Hockney exhibition which abounded with iPad art (yes impossible without the Apple device)

This is the 21st century and Our Square must refresh and modernise contemporaneously to succeed into the future and not become the declining relic which is happening before our eyes.

PLEASE support the initiative of the Andrews State Government and architecture of the era.

Yours sincerely,  
Charmian Gaud  
Williamstown Victoria, 3016, Australia

2484 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

Federation square is a vital part of Melbourne,Ïs culture and a beautiful public space where friends, families and communities gather. To impose on this space for a commercial megastore is an insult to Melbourne,Ïs unique culture and our cities sense of community.

It would eat into our cities sense of unity, and be a symbolic replacement of community with commercial interests.

I wholeheartedly support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore.

The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I am writing to voice my support for the City of Melbourne to advocate against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore, and to demand a design review and public consultation period.

I am disgusted by the lack of transparency and public consultation in allowing a retail giant to demolish existing buildings and have a presence in what is a key cultural destination and assembly space. The proposed architecture shows a flagrant disregard for the existing built fabric and there is no place for a major commercial entity being allowed to encroach into a prime civic space.

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple store. The State Parliament must hold the Andrews Government accountable.

Whilst I support the merits of commercial integration into Federation Square, this must be done whilst preserving the architectural heritage, ammenity, and civic utility of the precinct. This is particularly pertinent as the Yarra Building is in a prime position to be modified, integrating the square and city more closely to the Yarra river. Yet this opportunity in the long term will be lost for short term gain.

Let them build this store elsewhere.

3068 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is „Ï Our City, Our Square.

Yours sincerely,

Tracey Doherty

Agenda item

7.2. Apple

Store Fed

3012 Square

Dear Future Melbourne Committee,

Re: Future Melbourne Committee. 06/02/18. Agenda item 7.2. Notice of Motion: Apple Store Fed Square. Written submission.

I strongly support the City of Melbourne taking a stand against the Andrews Government's decision to replace Federation Square's Yarra building with an Apple megastore or indeed any commercial interest. The State Parliament must hold the Andrews Government accountable.

However, I would ask that the City of Melbourne go one step further and adopt the position that the Yarra building should never become the place for an Apple megastore.

This is ,Ã Our City, Our Square.

I would support extending the decking above the rail towards the 'Exhibition Street extension' and adding something like the Apple proposal to that area, BUT without any compromise of the existing Fed Square aesthetic, nor of public access to the present Riverfront formation nor of any diminution of Birrarung Marr.

Yours sincerely,  
Garth Foxwell

Future Melbourne Committee meeting

Date of meeting: \* Tuesday 4 September 2018

Agenda item title: \* 6.3 Ministerial Planning Referral: ID-2018-2 Federation Square, 2-20 Swanston Street, Melbourne (Submission of design refinement plans, Global Flagship Apple Store)

Please write your submission in the space provided below and submit by no later than 10am on the day of the scheduled meeting. We encourage you to make your submission as early as possible.

Please find the attached submission. Thank you.

My submission to council are on agenda item 6.3 Ministerial Planning Referral: ID-2018-2 Federation Square, 2-20 Swanston Street, Melbourne (Submission of design refinement plans, Global Flagship Apple Store).

The fact that the Apple store is still a serious consideration after overwhelming opposition from people of Melbourne, Victoria and visitors to Fed Square, suggests we have some problems in the governance in Melbourne. More than 100000 signatures are entered on petitions. Overwhelming opposition at the public debate. Opposition in news polls. Etc.

1.  
Cancel the planned Apple store. The public space is the completely wrong location. People can walk to Bourke St Mall for a future Apple store, or the Docklands, in an appropriate place.

2.  
Hand management of Federation Square to a non commercial entity. It's quite clear current management of Federation Square are determined to pull apart a successful public space and trash its great record. The board and upper management needs to go. We need public space advocates and cultural advocates at Fed Square, not a demolition team with little imagination.

3.  
Apple's second store design, within the context of its position in Federation Square, is just as much the eyesore as the previous design but in different ways.

4.  
The planning documents are prepared in such a way they are clearly designed to play down many overt branding elements that the Apple store will introduce at the Square.

5.  
AGENDA ITEM 6.3 part 1.pdf

## Entrances

Page 31

On the south, Yarra River side, there are two entrance doors to the Apple store, and only one entrance door inside the Square. Visitors don't ever need to travel into the Square to enter the Apple store. Visitors can completely bypass the Square.

Wasn't the Apple store meant to bring "2 million" extra people into the Square each year? If the intention is to bring people into the Square, then all south and west entrances should be removed so that people enter the Apple store via the Square through one single north entrance opposite ACMI like the many other venues in Federation Square.

6.

## Landscaping

Page 38

Use of materials that imitate Fed Square "Stone that Complements Kimberley Sandstone" are offensive. There's really no unique vision for the landscaping. This Apple store not only rips apart the current landscape but replaces it with a mediocre poorly thought through alternative.

7.

AGENDA ITEM 6.3 part 3.pdf

Video display wall – See images in Appendix A

The "new generation" Apple stores use video displays which are in themselves a \$1.5 million cost (2016), and investment in Apple's marketing strategy, used in Apple's (faux) "educational" product workshops. However, they are effectively billboards in a store which are easily seen outside the store. People sitting in ACMI and the restaurants opposite will be forced to watch Apple related content.

Page 1, Page 12

On the plans, the massive in-store promotional video display screen is poorly described and the drawings do not show this element properly. The drawings misrepresent the impact of the video display on the Square and Yarra River views.

The plans show a video display screen is positioned on the south side. On the reverse side of the video display screen is a 2-metre illuminated Apple logo which will be visible on the Yarra River. The promotions showing on the massive video display screen will be seen from within the Square, and effectively a billboard for Apple 24/7.

There's almost no store configuration or layout where the massive video display screen will not be viewable from outside the store. Move the display screen to the north side, and it then effectively becomes an Apple billboard visible on the Yarra River.

The sliding solar screens on the facade aren't solid, and at many times will be open, so the overt in-store commercial promotional aspects will be visible from inside and outside of the public square.

The controversial Stockholm Sweden store, also opposed by its local citizens, has encountered similar problems. Apple has modified the store designs, moved the video display screen, tried introducing trees to camouflage the store. No matter where the screen and promotional signage is placed, they are clearly visible outside the store due to the large use of glass in the design of Apple stores.

8.

## Logo

The Apple logo is not represented properly in most drawings.

### Page 11

Apple uses the 2-metre high SBS logo as a justification to have a 2-metre tall logo as well. But the two don't compare. Apple's logo is a solid heavy shape, where as the SBS is half thin text and the remainder is a series of smaller shapes. The Apple logo is so heavy in its presentation, it will compete with everything around it. All logos need to be removed. The logo on the west facade must be completely removed. The logo on the reverse side of the large video display, showing outward to the Yarra River, too must be removed.

9.

### Page 19

A comparison shows the footprint of the single purpose Apple store and the multipurpose Yarra Building. The multi tenant, multipurpose Yarra Building should not be demolished for a single purpose commercial Apple building.

10

### Page 44

The Federation Wharf near Riverland Bar seems to get a new orange stone treatment which looks terrible, just like all the imitation elements that the Apple store plans propose.

## Appendix A

Apple store massive video display screen imposing on the environment, easily seen from outside the store. A billboard for Apple 24/7. Dominates and completely commercialises the surrounding space in an overt and unwelcome manner.

Agenda item title: \* 6.5 Melbourne Music Week 2018

Please write your submission in the space provided below and submit by no later than 10am on the day of the scheduled meeting. We encourage you to make your submission as early as possible.

Dear City of Melbourne Meeting Group Team  
This is a written submission in regards to Agenda Item 6.5 Melbourne Music Week 2018. Thank you to all the Managers, Officers and people who put in such amazing time effort and energy to make Melbourne Music Week happen. Thanks to the City of Melbourne with their collaborative approach with the music industry to produce what is fast becoming a signature and iconic event on the music calendar. I support the recommendation from the Management team that the City of Melbourne endorses the 2018 Melbourne Music Week Program.

Best regards  
Chris Thrum

Agenda item title: \* Smoke-free Melbourne CBD

Please write your submission in the space provided below and submit by no later than 10am on the day of the scheduled meeting. We encourage you to make your submission as early as possible.

From: Non-Smokers' Movement of Australia Inc.

Lord Mayor  
Councillors, Melbourne City Council

Dear Lord Mayor and Councillors 3 September 2018

Call to Declare Melbourne's Central Business District Smoke-free,  
for the Health, Safety and Comfort of all

Melbourne CBD should be declared smoke-free with the exception that just one butt-bin be available per city block. The butt-bins should not be near intersections where pedestrians congregate to cross streets, nor near building openings, such as doorways and windows. They should be clearly marked so smokers know where to go and so that non-smokers can avoid the designated space and attendant toxic smoke.

Everybody has the right to breathe clean air, free from the toxins in second-hand tobacco smoke, which can trigger life-threatening diseases such as asthma, COPD (Cardio Obstructive Pulmonary Disease)/ emphysema and even cancer, as well as aggravating ear, nose and throat conditions.

The city has become big ashtray, almost everywhere, (look around) and yet only about 15% of people in Melbourne are smokers.

Additionally, about 80% of smokers want to quit. This de-normalisation of smoking would also help many smokers to finally quit.

Enforcement becomes much simpler - anyone smoking away from a designated space would be liable for offending. Smokers very quickly find smoking-allowed spaces.

There is no obligation for any business or organisation to provide a smoking space. This game-changer would mean that Melbourne City only provides a minimum - the number of butt-bins would be reduced periodically.

Clean water, clean air - everybody's basic right.

There are already emission controls on vehicles throughout the city - smoke-free regulations are simply another type of emission control, for everyone's health and safety.

We are aware that there is no obligation to provide a "smoking space" but the current situation

is that Melbourne city is an entire “smoking space” except for “smoke-free-declared” laneways. Civil Liberties. Councils for Civil Liberties’ principles regarding smoking declare that smokers may have the right to use a legally available product but should not do so where it may do harm to others.

Smokers have alternatives. Smokers (nicotine-dependents) now have easy, approved, affordable access to patches, gums and sprays, (but not e-cigarettes) which neither harm them nor others nearby. Many smokers regularly use such products for long-distance travel and when working long hours in smoke-free work-places.

Tossed butts are not only an eyesore, but can start fires and are toxic to land and marine environments. Designated smoking spaces will assist in controlling this hazard which, as you would have noticed, continues to blight the city. The “War on Waste” has forced us to consider tossed single-use coffee cups – butts are even more numerous and toxic.

We are happy to discuss but hope that won’t cause further delay.

Margaret Hogge

President, Non-Smokers’ Movement of Australia Inc.

Agenda item title: \* Exhibition St safety

Please write your submission in the space provided below and submit by no later than 10am on the day of the scheduled meeting. We encourage you to make your submission as early as possible.

Melbourne Bicycle User Group recommends this motion to Council.

The current arrangements rely on constant enforcement which is neither desirable nor sustainable.

People need to get into and around the CBD at all times, not only in peak hour. Melbourne wants to be a 24hr city, transport options should reflect that ambition.

Melbourne BUG thanks Council for continuing to implement improved conditions for bikes, which is very much needed in order to realize the ambition in Council's Bicycle Strategy to make cycling feasible for people from ages 8 to 80.

Please indicate whether you would like to address the Future Melbourne Committee or the Submissions (Section 223) Committee in support of your submission:
