Crime Safety in Carlton

Cr Dr Ball, Health, Wellbeing and Belonging Portfolio Lead read out the following written public question submitted by Phillip Mansour:

There have been recent confirmed Lygon Street murders in Carlton, Crime is on the increase. Victoria police are short staffed and advise it's a systemic council problem.

We recently had another public stabbing on Lygon Street, which was televised on major television 6pm news.

What immediate action is the city of Melbourne taking to ensure the safety of the community is greatly improved, please share these documents?

What short term and long term plan of action is in place to ensure people feel safe in the streets of Carlton?

When are the safety cameras in Carlton being installed?

I'd hate to see another incident occur in Carlton.

Confirmed minutes

We need to ensure every effort is made to make business owners, residents and visitors feel safe in Carlton, what is the precise strategy here?

Cr Dr Ball read out the following response as provided by Dean Robertson, Director City Safety, Security and Amenity:

Thank you for your question.

CoM is aware of the incident that took place in Lygon Street and that Victoria Police have an active investigation underway.

We are also aware Victoria Police will shortly be implementing a number of reassurance and targeted operations in the Lygon street area, which means there will be a broader Police presence.

CoM will also be participating in the Local Safety Committee for Melbourne West Police area, including Carlton, with the first meeting scheduled for the 24th of June 2022.

The expansion of Safety Cameras into Lygon Street and Argyle Square has not been included in the proposed 22/23 Budget process, however as consultation remains open, we will include your feedback in the consultation on the 22/23 budget process.

Trans Day of Remembrance – 20 November

Cr Dr Ball, Health, Wellbeing and Belonging Portfolio Lead read out the following written public question submitted by Dale Park.

Will Council support the transgender community in the City and light up the Town Hall to mark Trans Day of Remembrance on 20 November?

Cr Dr Ball read out the following response as provided by Linda Weatherson, General Manager, Community and City Services.

The City of Melbourne acknowledges significant events and days in the annual calendar by lighting up Melbourne Town Hall. The 20th of November is Trans Day of Remembrance. In recognition of our transgender community Council will light up the Town Hall in pink, blue and white lights

All Gender Public Toilets

The Lord Mayor Sally Capp, City Transport, Infrastructure and Operations Portfolio Lead read out the following written public question submitted by Bianca Gibson.

Could Council please advise on which of its public toilets have all-gender (or gender-neutral) facilities and which do not?

The Lord Mayor Sally Capp read out the following response as provided by Sally Naughton, Acting Director, City Property:

Thank you for your query.

I am pleased to advise you the City of Melbourne currently has 26 public toilets, of which 22 are gender-neutral Exceloos. We also have 39 publicly accessible toilets (toilet blocks/rest rooms) in our parks (not including sports pavilions) and 28 of these are gender-neutral Exceloos.

All 6 of our City of Melbourne Libraries have male and female toilets and all branches have at least 1 accessible toilet that is 'signed' for both male and female use. The City of Melbourne is currently developing plans for a new library opposite the Queen Victoria Market, which will contain gender-neutral toilets. We are aiming for this to be operational at the end of 2023.

Should you require any further information please do not hesitate to contact us.

9. Public questions

Deferral of protected bike lane roll out

Alexander Sheko asked for clarity surrounding the deferral of the installation of new protected bike lanes for the 2022/2023 financial year from a Councillor who voted in favour of the motion as part of Agenda item 6.9.

The Lord Mayor Sally Capp explained that pausing for 12 months gives an opportunity for people in the city to utilise and adjust to having the bike lanes in the Hoddle Grid. The pause also allows for design work on Flinders Street to proceed and recognising the permanency of the Exhibition Street bike lanes to proceed. It also allows for issues raised by business owners and delivery vehicle operators to be considered and any necessary adjustments to be made safely. It allows more time for discussion surrounding safety for bike riders as well. Going forward Council's approach is about listening and responding, continuous improvement, embedding and adjusting.
